Warriors' Wives Emma Bridges,2023-08-22 This is an open access title available under the terms of a CC BY-NC-ND 4.0 International license. It is free to read at [Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Epic poetry and tragic drama provide us with some of the richest ancient Greek depictions of women who are married to soldiers. In tales of the Trojan War, as told by Homer, Aeschylus, Sophocles, and Euripides, we encounter these mythical warriors' wives: Penelope, isolated but resourceful as she awaits the return of Odysseus after his lengthy absence; the war widow Andromache, enslaved and displaced from her homeland after the fall of Troy; the unfaithful and murderous Clytemnestra; and Tecmessa, a war captive who witnesses her partner's breakdown and suicide in the aftermath of battle. *Warriors' Wives* compares the experiences of these mythical characters with those of contemporary military spouses. Emma Bridges traces aspects of the lives of warriors' wives--mythical and real, ancient and modern--from the moment of farewell, through periods of separation and reunion, to the often traumatic aftermath of war, to consider the emotional, psychological, and social impacts of life as a military spouse. By unearthing a wealth of contemporary evidence for the lives of the often silenced and unacknowledged partners of those who serve in the military, and by examining this alongside the ancient stories of warriors' wives, *Warriors' Wives* sheds fresh light on the experience of being married to the military.

The Odyssey Gillian Cross, Neil Packer, 2012-09-11 Traces Odysseus' ten-year voyage home after the Trojan War, a journey marked by a man-eating Cyclops, deadly Sirens, the fury of the sea-god Poseidon, and Odysseus' faithful wife's efforts to rebuff greedy suitors.

The Industrial Revolution - Lost in Antiquity - Found in the Renaissance Cort McLean Johns Ph.D. - HSG, 2021-03-05 Historians of Technology and Humanist Industrial Archaeologists have failed to include the larger contribution and influence of Ctesibius' compressor-driven Hydraulis with its pneumatic pumps, keyboard, and organ pipes in the path of critical preparatory events leading up to the 'Latent' Industrial Revolution. One should also realize that Ctesibius had all the parts and sub-assemblies on hand to invent the first Steam Hydraulis or Calliope, as illustrated on the front book cover of this work. From the 'Fertile Crescent' of the Persian Empire to the Hellenistic Library of Alexandria, Vitruvius writing brought the Hydraulis to the Abbey of St. Gall in 1414 during the Renaissance. Its path then took it through Italy, Germany, and the Paris of Louis XIV along the Arch of Industrial Reawakening. This was the Hydraulis 2-millennium path from Antiquity to its return reigniting the 'Latent' Industrial Revolution.

Religion in Britain from the Megaliths to Arthur Robin Melrose, 2016-03-11 The Druids and the Arthurian legends are all most of us know about early Britain, from the Neolithic to the Iron Age (4500 BC-AD 43). Drawing on archaeological discoveries and medieval Welsh texts like the Mabinogion, this book explores the religious beliefs of the ancient Britons before the coming of Christianity, beginning with the megaliths--structures like Stonehenge--and the role they played in prehistoric astronomy. Topics include the mysterious Beaker people of the Early Bronze Age, Iron Age evidence of the Druids, the Roman period and the Dark Ages. The author discusses the myths of King Arthur and what they tell us about paganism, as well as what early churches and monasteries reveal about the enigmatic Druids.

Figurally Colored Narration Wolf Schmid, 2022-04-04 Figurally colored narration (FCN) is narrator's discourse (whether in the first or third person) that adopts salient features of character's text, mainly valuation and designation, without signaling the figural part in any way. Unlike free indirect discourse, FCN does not refer to current acts of consciousness, but to typical, characteristic segments of the character's text. There are two main modes of FCN: contagion of the narrator's discourse with a character's text, and the more or less ironical reproduction of a character's text in narrative discourse. In the latter case, the narrator's criticism may refer to either the content of the character's text or to its form of expression. This study begins with a definition and an example of FCN as a narrative device, followed by an analysis of terms used for FCN in German, Anglophone and Russian literary criticism. Building on the perception of FCN as a phenomenon of

interference between narrator's and character's text (text interference), this book analyses the function and applications of FCN in narratives written in German, English and Russian.

Challenging the Intersection of Policy with Pedagogy Leanne Gibbs, Michael Gasper, 2019-02-18 Asking key questions about how policies and systems impact on children's early years and rethinking the ways in which young children's learning and development becomes integral to policy, this insightful text challenges the common misconception that policy development and pedagogical implementation are separate endeavours. Challenging the Intersection of Policy with Pedagogy explores symbiotic dynamics between policy and practice in the early years to consider the implications of policies relating to documentation, professional well-being, mentoring, the role of the family, language development and diversity. Written to provoke group discussion and extend thinking, opportunities for international comparison, points for reflection and editorial provocations will help students, educators, integrated service providers and policy makers engage critically with a variety of understandings of how policy and practice interact. Considering the role of learning environment, the practitioner, the wider community and policy, chapters are divided into four key sections which reflect major influences on practice and pedagogy: Being alongside children Those who educate Embedding families and communities Working with systems Considering diverse settings and contexts, perspectives, policies and systems, this text will enhance understanding, support self-directed learning and provoke and transform thinking at both graduate and postgraduate levels, particularly in the field of early childhood education and care.

The Odyssey Homer, 1997-11-01 The great epic of Western literature, translated by the acclaimed classicist Robert Fagles Soon to be a major motion picture directed by Christopher Nolan A Penguin Classic Robert Fagles, winner of the PEN/Ralph Manheim Medal for Translation and a 1996 Academy Award in Literature from the American Academy of Arts and Letters, presents us with Homer's best-loved and most accessible poem in a stunning modern-verse translation. Sing to me of the man, Muse, the man of twists and turns driven time and again off course, once he had plundered the hallowed heights of Troy. So begins Robert Fagles' magnificent translation of the Odyssey, which Jasper Griffin in the New York Times Book Review hails as a distinguished achievement. If the Iliad is the world's greatest war epic, the Odyssey is literature's grandest evocation of an everyman's journey through life. Odysseus' reliance on his wit and wiliness for survival in his encounters with divine and natural forces during his ten-year voyage home to Ithaca after the Trojan War is at once a timeless human story and an individual test of moral endurance. In the myths and legends retold here, Fagles has captured the energy and poetry of Homer's original in a bold, contemporary idiom, and given us an Odyssey to read aloud, to savor, and to treasure for its sheer lyrical mastery. Renowned classicist Bernard Knox's superb introduction and textual commentary provide insightful

background information for the general reader and scholar alike, intensifying the strength of Fagles's translation. This is an Odyssey to delight both the classicist and the general reader, to captivate a new generation of Homer's students. Stone Cold Souls Gregory K. Moffatt, 2008-07-30 History's most notorious and brutal killers still enjoy fame as public fascination with their lives and their crimes continues to grow. *Stone Cold Souls* is a detailed examination of the most brutal killers in history. Moffatt does what he does best by looking at historical accounts of events, analyzing them from a psychological perspective, and presenting his assessment in captivating fashion. He examines different types of killers, offers case studies and historical context, and describes what sets these cases apart from other kinds of killings. Even in a day and age where pop culture has made serial crime a mainstay of movies and books, the depravity of the killers profiled in this work will still shock even a desensitized reader. Men, women, and children alike have committed crimes so atrocious that it is hard to imagine that these events are not works of fiction. Moffatt examines the difficult questions that inevitably arise when one reads cases of unthinkable torture and cruelty. Why? Were these people simply evil or is it possible that, given other circumstances, they could have redirected their energies into more productive outlets? The author answers these questions and others and reveals the lives and crimes of these ruthless killers. *Stone Cold Souls* features such well-known cases as: Andrei Chikatilo, Marc Dutroux, Herman Webster Mudgett, Charles Ng, Leonard Lake, Lawrence Bittaker, Roy Norris, Ed Gein, Edmund Kemper, Henry Lee Lucas, Gilles de Rais, Ivan the Terrible, Richard Ramirez, Holly Ann Harvey, Sandy Ketchum, Mary Bell, Jesse Pomeroy, Josef Mengele, Marshall Applewhite, Jeffrey Lundgren, David Koresh, Jim Jones, Father Oliver O'Grady, Charles Cullin, Harold Shipman, Michael Swango, Myra Hindley, Karla Homolka, Aileen Carol Lee Wuornos, Elizabeth Bathory, Charles Sobhraj, Albert Fish, Donald Harvey, and Dennis Rader.

The Odyssey Poet Homer, Samuel Butler, 2014-05-23 The Odyssey is one of two major ancient Greek epic poems attributed to Homer. Rendered here into English Prose and Translated by Samuel Butler. It is, in part, a sequel to the Iliad, the other work ascribed to Homer. The poem is fundamental to the modern Western canon, and is the second oldest extant work of Western literature, the Iliad being the first. It is believed to have been composed near the end of the 8th century BC, somewhere in Ionia, the Greek coastal region of Anatolia. The Odyssey is the story of survival and reconciliation following the ten-year battle with Troy. Where Achilles was defined by warrior brutality, Odysseus, King of Ithaca, is defined by his intelligence and wit. This epic poem follows Odysseus on his adventures as he struggles—against the threats of sea monsters and the temptation of the sirens' song—to be reunited with his son Telemachus, his faithful, clever queen Penelope, and their kingdom.
