Fan Ye's Book of Later Han (Houhanshu), 2023-07-31 The Book of Later Han (Houhanshu) by Fan Ye (398-445) is enormously important as China's most complete work on Eastern Han history in biographical form. For the first time in any Western language, the author introduces Fan Ye's magnificent writings in lively translation with rich annotation and informative and insightful commentary. This first volume covers its early military history and highlights the lives and achievements of the twenty-eight generals who helped Emperor Guangwu unify China and establish the Eastern Han dynasty. As cutting-edge technology falls into enemy hands, CIA Director Mitchell Hughes calls on a reluctant Geophysicist, Daniel Bowman, who is unwittingly thrust into the heart of a secret Defense Advanced Research Projects Agency black weapons operation. Assigned by the Agency as temporary protector for Bowman, CIA Officer, Erica Morillo finds her duties conflicted by unexpected emotions, as the two are drawn into the tangled web of intrigue and deceit. On a distant planet far off into the future, there is a human colony twice removed from Earth with a country preparing for war. Sabienn's world comes crashing down when one day he grows wings. And now people are trying to kill him. He also finds out that not only him but thousands of men his age have grown wings around the world in keeping with a ten thousand year old prophecy. With his wings comes an intuitive ability to pick up an object and see a history of someone who held it. This ability has not gone unnoticed by higher powers

within the realm. But what is it that The Great Leader wants of him? Will The Great Leader save him? When The Stone Shepherds Awaken is the first of twelve books in The Sabienn Feel Adventures. Stories From The Distant Planet: Companion Piece: Maps, History and Stories: The Sabienn Feel Adventures (Turn to inner sleeve after titles of When The Stone Shepherds Awaken and use download links) 31 Fact Sheets. Stories From The Distant Planet is the must-have precis of ten thousand years of history within the planet of Whee which lives through and has come to compel Sabienn Feel to his quest. Interview with the Author Q - What inspired you to write The Sabienn Feel Adventures? A - I've always loved the idea of the epic journey. I'm acquainted with the book Journey to the West but was more familiar with the TV series in the 80's based on the book called Monkey. The idea of four souls travelling across a wide expanse of geography to complete a quest appealed to me. So I planned a series of twelve books to go from one place in the south of this space colony that they live on twice removed from Earth, to end up in the north, meeting danger at every turn. Q - Why does your main character Sabienn Feel grow wings? A - Good question. I wanted something drastic to occur to these people physically. Something that would be difficult to hide and offer an immediate prejudice. The idea of growing wings constantly came up for me. There's a Pearl Jam song I found inspiring that says, "And sometimes is seen a strange spot in the sky. A human being that was given to fly". And in my mind's eye, I could see this figure. Almost like the Led Zeppelin Icarus logo but with bat wings. But they couldn't fly otherwise they'd hit the sky and the journey would be over in no time. I made them only able to swim because being submerged in water has elements of dealing with the subconscious. To me it satisfies all elements of those prophecy, fantasy, epic adventure type of stories that involve friendship and brotherhood. Q - So, why should readers give these books a try? A - Well I would say they were humour-filled, page-turning, epic, fantasy adventure novels which involve a quest. But I'll just say, just check them out.
