

Administración Y Planeación De Instituciones Educativas Lourdes Munch

Cecilia Correa de Molina

Administración y planeación de instituciones educativas Lourdes Münch, 2010

Administración estratégica y calidad integral en las instituciones educativas Cecilia Correa de Molina, 1997 La institución educativa exigida en el nuevo milenio es aquella capaz de superar el revaluado modelo de los campos de concentración del saber, propiciando una profunda interacción con su entorno, construyendo nuevas y complejas relaciones con los diferentes actores, sin comprometer su autonomía, esencial para el cumplimiento de su misión. La primera parte de esta obra es una fundamentación general de las teorías administrativas clásicas y emergentes. La segunda, aborda la temática de la reingeniería bajo un enfoque pedagógico social. En la tercera se hacen algunas reflexiones sobre la educación con base en el paradigma de la calidad total contextualizada en los escenarios de desarrollo del siglo XXI. En la cuarta parte, articulamos la planeación estratégica y los procesos de calidad en las instituciones educativas, continuando con la descripción de algunas etapas para el proceso de modernización institucional, estableciendo ciertas especificaciones entre planes de desarrollo y proyecto educativo institucional, enfocando este último, como un proceso de investigación integral orientado hacia los problemas concretos y futuras acciones de la institución, en los momentos de la planeación estratégica. La quinta y sexta parte, la dedicamos al análisis prospectivo de los estilos administrativos que debe desarrollar la empresa educativa para poder posicionarse en los escenarios del siglo XXI. En la séptima y última parte, se desarrolla la reflexión sobre el papel de la investigación de la educación, centrándola específicamente en las dos dimensiones en que esta actividad puede ser abordada

Planeación y administración de instituciones educativas Guillermo Agustín Pantoja Maldonado, 2014-10-01 Cuando se toma la decisión de leer es porque se tiene una expectativa y, en el caso del trabajo que se está presentando, esta consiste en tener una propuesta para el desarrollo de proyectos educativos viables y de calidad. Sabemos que en cualquier ámbito en el que se habla de educación se coincide en la importancia que sin duda tiene, no solo para las personas como individuos, sino también para la sociedad en general, por ello aportar un modelo desde la perspectiva de la Planeación Estratégica, que combina la administración con la educación, recuperando conocimientos y experiencias reales, con la presentación de

actividades para que el lector las aplique durante el desarrollo de un proyecto o en una institución educativa establecida, es enriquecedor. Se presenta una valiosa serie de poderosas herramientas que abonan a la convicción de que las mejores prácticas empresariales y educativas pueden ser realizadas en organizaciones pequeñas y medianas. Es ciertamente una propuesta que va a favor de ciudadanos emprendedores sin mucho capital, pero con conocimientos y propuestas educativas innovadoras. Ahí está el reto. M.C. Rosa María Ezquerro Kamffer

Planeación estratégica en instituciones educativas Mariana Hernández Alcántara, 2011 La presente investigación se desarrolló para obtener el grado de Maestría en Administración de Instituciones Educativas, dentro del estudio, se analizaron diferentes artículos relacionados con el proceso de planeación estratégica y emergente dentro de empresas, y se aterrizó la teoría en el proceso de planeación emergente dentro de instituciones educativas de nivel superior, teoría que se retroalimentó con la investigación de campo. Este estudio tiene un fundamento metodológico cualitativo, ya que se utilizaron herramientas de recolección de datos tales como la entrevista de personas clave en el proceso, la observación directa en reuniones de planeación estratégica dentro de la institución educativa, así como la observación de documentos que aportaron información relevante sobre el proceso. Se obtuvo información significativa sobre el proceso de planeación emergente en una institución educativa de nivel superior, identificando a los principales actores en el proceso y los pasos a seguir en el mismo. Los hallazgos que surgieron a partir de la presente investigación, giran en torno a la identificación de personajes que influyen de manera significativa en el proceso de planeación emergente de la institución educativa de nivel superior; así como la presentación del proceso que se realiza para generar la planeación emergente. Por lo tanto, esta investigación aporta al área educativa, información relevante sobre el proceso de planeación emergente, actores principales en el proceso y la influencia del aprendizaje organizacional en el proceso de planeación emergente de las instituciones educativas de nivel superior.

Planeación y administración educativas Roberto Arizmendi Rodríguez, 1982

Administración Educativa Lucía Martínez Aguirre, 2012-07-21 Este libro tiene como finalidad desarrollar conocimientos básicos para la carrera de Ciencias de la Educación en relación con el conocimiento de la Administración educativa que se desarrolla en nuestro país, a partir de la revisión de las cinco unidades en las que abarcaremos conceptos, ideas y el manejo general de lo que es una institución educativa en cuanto a su administración o gestión. Descubriremos en cada unidad su formación, antecedentes y analizaremos la importancia que tienen de cada estructura de la institución educativa en el manejo de su administración. En la unidad uno revisaremos los conceptos principales de la administración y gestión educativa, revisaremos que es la institución educativa desde la perspectiva de empresa, que tipos de instituciones encontramos y como se introducen estos conceptos dentro del sistema de educación. En las siguientes unidades revisaremos las dimensiones que conforman la gestión educativa, en la unidad dos conoceremos la administración de los recursos

financieros, cómo se establece una institución educativa desde el tipo de sociedad, el manejo del presupuesto, cómo se determina los análisis financieros, el tipo de inversión que requiere este tipo de sociedades y cómo se determina el pago de impuestos para las instituciones educativas.

Manual de gestión y administración educativa Hemel Santiago Peinado, José Habber Rodríguez Sánchez, 2021-04-01 El presente Manual de Gestión y Administración Educativa, tiene como propósito servir de guía a directivos-docentes (rectores, vicerrectores, coordinadores, jefes de área y/o departamento), docentes, personas naturales o jurídicas interesadas en fundar instituciones educativas formales y/o no formales, comunidad educativa en general, y quienes se encuentren consultando y recogiendo información sobre los procedimientos y requisitos para la creación y puesta en marcha de un proyecto educativo. Contiene los elementos suficientes y necesarios para crear, gestionar, legalizar, liderar y administrar con calidad una institución de educación de carácter oficial o privado en el territorio colombiano.
