Indigenous Wellbeing and Enterprise Rick Colbourne, Robert B. Anderson, 2020-07-09 In this book, we explore the economic wellbeing of Indigenous peoples globally through case studies that provide practical examples of how Indigenous wellbeing is premised on sustainable self-determination that is in turn dependent on a community's evolving model for economic development, its cultural traditions, its relationship to its traditional territories and its particular spiritual practices. Adding to the richness, geographically these chapters cover North, Central and South America, Northern Europe, the Circumpolar Arctic, Southern Europe, the Middle East, Asia and Oceania and a resulting diverse set of Indigenous peoples. The book addresses key issues related to economic, environmental, social and cultural value creation activities and provides numerous examples and case studies of Indigenous communities globally which have successfully used entrepreneurship in the pursuit of sustainable development and wellbeing. Readers will gain practical understandings of the nature of sustainable economic development from a cross-section of case studies of Indigenous perspectives globally. The chapters map out the international development of Indigenous rights and the influence that this has had on Indigenous communities globally in asserting their sovereignty and acting on their rights to develop sustainable governance and economic development practices. Readers will develop insights into the intersection of Indigenous governance with sustainable practice and community wellbeing through practical case studies that explain the need for Indigenous-led economic development and governance strategies, which are responsive to local, regional, national and international realities in developing sustainable Indigenous economies focused on economic, environmental, social and cultural value creation. This book will be useful for Indigenous and non-Indigenous business students studying undergraduate business or MBA programs who seek to understand the global context and the varied experiences of Indigenous peoples in developing sustainable economic development strategies that promote community wellbeing.

Estatuto jurídico de las lenguas de señas en el derecho español José Gabriel Storch de Gracia y Asensio, 2018-09-17 Esta monografía desvela la situación jurídica actual de las personas con discapacidad auditiva, analizando temas importantísimos para que las personas discapacitadas puedan desenvolverse en la sociedad con la misma naturalidad y efectividad que el resto de los ciudadanos. Los autores aportan ideas que permitan a las personas con discapacidad auditiva ejercer con plenitud los derechos que les reconocen las normas publicadas en el Boletín Oficial del Estado.

Poder, hegemonía y periferia Bernardo Vela Orbegozo, 2020-03-24 La minimización o la negación del colonialismo - como la negación del genocidio de los armenios, la del holocausto judío o la de las injusticias sistemáticas perpetradas contra los palestinos- se funda en la racionalidad de Occidente que ha impuesto una hegemonía centralizando la historia, impidiendo o limitando la construcción de la memoria de los pueblos vencidos y sometidos y, en nombre de la razón de Estado y de la soberanía, justificando la guerra y el colonialismo mediante el establecimiento del denominado derecho internacional clásico, cuyos principios y normas terminaron legitimando las relaciones políticas de dominación y las relaciones económicas de la dependencia que le dieron origen y estructura al orden global moderno.

Espelhos de Mercúrio Pablo Sánchez León, Carla Vieira, Nina Vieira, Espelhos de Mercúrio reúne estudos e reflexões sobre a representação do comércio e dos comerciantes nas Monarquias Ibéricas durante o período moderno. Ao compilar artigos de investigadores de diferentes universidades, oferece uma pluralidade de perspectivas em torno de três linhas: 1) a linguagem do comércio, a organização mercantil e as instituições; 2) as identidades mercantis e a representação social dos comerciantes; e 3) a representação do comércio na cultura. Da imagem social e cultural do comércio na Espanha borbónica ao mito da decadência do comércio português na Ásia no Itinerario de Van Linschoten; dos privilégios dos mercadores alemães no Portugal quatrocentista à agenda do mecenato artístico e religioso da nação genovesa na Andaluzia; da Mesa do Bem Comum da Bahia à nação italiana em Lisboa; e do ideário do programa decorativo do Stadhuis de Antuérpia à comunidade mercantil espanhola em Portugal, passando pelas dimensões sociais e culturais do negócio do tabaco, neste livro colocamos Mercúrio ao espelho e indagamos alguns dos seus reflexos na era da primeira globalização.
