Appalachian State Silences the Big House David J. Marmins, Steven K. Feit, 2017-06-23 They are known as cupcake games--lower division teams get paid to travel to college football Meccas where the hosts make a nice profit from an extra game. On September 1, 2007, the University of Michigan Wolverines, with more wins than any team in history, hosted the Appalachian State Mountaineers from Boone, North Carolina, in the first such game at Michigan Stadium, the largest stadium in the country. App State was no cupcake. Coach Jerry Moore, in the spirit of the 1980 U.S. Olympic Hockey Team and other memorable underdogs, assembled his team with two things in mind--speed and character--and conditioned them to the breaking point. We're fixin' to shock 'em, he shouted at practice, in the locker room, at the dinner table. This book tells the inside story of Moore's legendary team and the Mountaineers' historic win.

Follow Paul, Tommy, Avery and Watson, Old Raleigh boys, as they deal with the aftermath of that day.

**Profiles of American Colleges -- 2008** Barron's Educational Series,2008-07-01 Up-to-date facts and figures on enrollments, tuition and fees, academic programs, campus environment, available financial aid, and much more make the 28th edition of Profiles of American Colleges America's most authoritative data source for college-bound high school students, their parents, and high school guidance counselors. More than 1,650 accredited four-year colleges are profiled. An interactive CD-ROM enclosed with the directory guides students to specific schools when they enter details describing their personal academic plans and aptitudes. In addition to the above-cited information, each college profile gives details on: • Admission requirements • Library and computer facilities • Admissions procedures for freshmen • Campus safety and security • Thumbnail descriptions of faculty • Requirements for a degree • Athletic facilities • Extracurricular activities • E-mail addresses • College fax numbers and web sites • Admissions Contacts • and much more Schools are rated according to Barron's well-known competitiveness scale, from "Noncompetitive" to "Most Competitive." Unlike some other publications, Barron's refrains from the unreliable practice of ranking colleges on a first-through-last basis. The book's tinted pages section presents a quick-reference Index of College Majors that lists all available major study programs at each school. Also profiled are many excellent colleges in Canada and several other countries, as well as brief profiles of religious colleges, and American colleges based in foreign countries.

Leading Canadian schools are also profiled. Additional features include advice on choosing the school that best fits the reader's circumstances and career goals.
