**Ken Nolan, Steve Zaillian**

Black Hawk Down Mark Bowden, 2010-04-01 #1 New York Times Bestseller: The “riveting” account of the 1993 operation in Mogadishu—the longest sustained firefight involving US troops since Vietnam (The Wall Street Journal). On October 3, 1993, about a hundred elite US soldiers were dropped by helicopter into the teeming market in the heart of Mogadishu, Somalia. Their mission was to abduct two top lieutenants of a Somali warlord and return to base. It was supposed to take an hour. Instead, they found themselves pinned down through a long and terrible night fighting against thousands of heavily armed Somalis. The following morning, eighteen Americans were dead and more than seventy had been badly wounded. Drawing on interviews from both sides, army records, audiotapes, and videos (some of the material is still classified), Bowden’s minute-by-minute narrative is one of the most exciting accounts of modern combat ever written—a true story that captures the heroism, courage, and brutality of battle. “One of the most gripping and authoritative accounts of combat ever written.” —USA Today “Journalistic writing at its best.” —The Boston Globe “Vivid, immediate, and unsparing.” —The Washington Post Includes a new afterword

Jeff Struecker's heart sank as he saw people running around on the tarmac. He had three humvees full of wounded soldiers to get back to base, and he was worried about getting through the crowd. #2 When the soldiers started catching rounds from a different direction, Galentine and Telscher ran to an alley. There, they came face to face with a Somali woman. Galentine had been very close to killing this woman. #3 Eversmann had three Rangers injured, one critically, and he had gotten them out. He radioed First Lt. Larry Perino, the Chalk One commander, that he had taken two more casualties. From across the street, Sgt. Telscher shouted, Sgt.

For every armed person, there were fifty unarmed just standing around, often right next to the guy firing at us. - Michael Goffena, a Black Hawk pilot If it was the dawn of a new world order in the 1990s, it was one of American unilateralism. Throughout the decade, America's unrivaled power and the globalization of the world through technology like the Internet offered Americans a sense of security and a belief that the United States could accomplish anything. After the collapse of the Soviet Union, the United States was the world's only remaining superpower, and communism around the world began to decline. Moreover, since communism in the Soviet Union was not defeated by outside military force but collapsed from within, its draw as an alternative system to western capitalism and democracy was seriously weakened. 10 years after American Marines were killed in the notorious barracks explosion in Beirut during Lebanon's Civil War, American special operations forces were sent to Somalia at the behest of President Bill Clinton as part of Operation Gothic Serpent. The goal set for the American forces was to capture Somali warlord Mohamed Farrah Aidid and thus prevent him from continuing to perpetrate violence. There is an ancient and oft quoted Somali saying that in many ways sums up the outside perception of Somalia, a race that appears unchangeably wedded to warfare and internal conflict: Me and my clan against my nation. Me and my family against the clan. Me and my brother against the family. Me against my brother. Somalia crept into the general global consciousness during the early 1990s as yet another distant and incomprehensible bout of African warfare began to generate news images of biblical famine, but even that conflict may have been lumped in with the others if not for an unexpected turn of events in October 1993. On October 3, 1993, a small force conducted an operation in Mogadishu to arrest two of Aidid's leaders, but they were pinned down as they sought their way out. In the attack, 18 Americans were killed, and the Americans lost two Black Hawk choppers, and as if that wasn't enough, footage circulated of a few soldiers' bodies being mutilated and dragged through the dust for a crime no greater than attempting to feed the hungry masses and protect a nation from itself. The attack later formed the basis for the movie *Black Hawk Down*, but in its immediate aftermath, President Clinton ordered the withdrawal of American forces days later. Somalia seemed to have taught Clinton a lesson in unilateralism, because he refused to stop the genocide in Rwanda the following year. It seemed he had learned that the U.S. could not intervene anywhere at any time. *Black Hawk Down: The History of the Battle of Mogadishu* chronicles the story of one of the most notorious events of the 1990s. Along with pictures of important people, places, and events, you will learn about *Black Hawk Down* like never before,

in no time at all.

With devastating injuries, he was taken prisoner by a Somali warlord. With revealing insight and emotion, he tells the story of what he saw, how he survived, and the courage and heroism that only soldiers under fire could ever know.

*Black Hawk Down* Ken Nolan,2000 With exacting detail, the screenplay re-creates the American siege of the Somalian city of Mogadishu in October 1993, when a 45-minute mission turned into a 16-hour ordeal of bloody urban warfare. Helicopter-borne U.S. Rangers were assigned to capture key lieutenants of Somali warlord Muhammad Farrah Aidid, but when two Black Hawk choppers were felled by rocket-propelled grenades, the U.S. soldiers were forced to fend for themselves in the battle-torn streets of Mogadishu, attacked from all sides by armed Aidid supporters.
