J Daryl Charles

Farewell to God Charles Templeton, 2011-01-14 For more than twenty years, Charles Templeton was a major figure in the church in Canada and the United States. During the 1950s, he and Billy Graham were the two most successful exponents of mass evangelism in North America. Templeton spoke nightly to stadium crowds of up to thirty thousand people. However, increasing doubts about the validity of the Old Testament and the teachings of the Christian church finally brought about a crisis in his faith and in 1957 he resigned from the ministry. In *Farewell to God*, Templeton speaks out about his reasons for the abandonment of his faith. In straightforward language, Templeton deals with such subjects as the Creation fable, racial prejudice in the Bible, the identity of Jesus of Nazareth, Jesus' alienation from his family, the second-class status of women in the church, the mystery of evil, the illusion that prayer works, why there is suffering and death, and the loss of faith in God. He concludes with a positive personal statement: "I Believe."

The Case for Faith Lee Strobel, 2021-12-14 This timeless, compelling, and thought-provoking book on the Christian faith, now updated, includes two all-new chapters, a current list of recommended resources for further study, and a new discussion guide. In *The Case for Faith*, bestselling author, journalist, and former atheist Lee Strobel turns his investigative skills to the most persistent emotional objections to belief in God--the eight heart barriers to faith: Since evil and suffering exist, a loving God cannot Since miracles contradict science, they cannot be true Evolution explains life, so God isn't needed God isn't worthy of worship if he kills innocent children It's offensive to claim Jesus is the only way to God A loving God would never torture people in hell Church history is littered with oppression and violence I still have doubts, so I can't be a Christian This bestselling book is for those who may be feeling attracted to Jesus but who are faced with difficult questions standing squarely in their path. For Christians, it will deepen their convictions and give them fresh confidence in defending their faith to skeptical friends, or during the hardest of times, when they have to defend their faith to themselves in moments of doubt. Also available: *The Case for Faith* Spanish edition, kids' edition, and student edition. Plus, be sure to check out Lee Strobel's entire collection of Case for... books: *The Case for Christ* investigates the historical evidence for Jesus *The Case for a Creator* explores the scientific evidence for God *The Case for Grace* uncovers the how and why behind God's amazing grace . . . and more!

The Big Three Henry M. Morris III, 2009-03-01 CREATION, THE FALL, & THE FLOOD WITH THE PROMISE OF CHRIST They are cornerstones of the Christian faith. They are events that literally changed the world forever. Yet, the foundation of these biblical truths are rooted in Genesis, a book that too many in the Church now treat as an allegory or a metaphor, as anything but the precise and inerrant Word of God. As these attacks on scriptural authority and relevance escalate, it seems that man's theories supersede Scripture when there is conflict, sowing confusion and undermining faith in the accuracy of biblical history and the Bible itself. In *The Big Three*, learn: How the Scriptures negate the concept of theistic evolution Why a living faith and a saving faith exemplify a solid belief in a special creation The challenges and confusion in

academia regarding scriptural interpretation Within this remarkable exploration of faith, Dr. Henry Morris III reveals a consistent and powerful thread throughout the Word of God. After Eden, the Gospel message became the overreaching message of the Scripture; after Eden, the Creation became the foundation for the Gospel message; after Eden, the promise contained in Creation became the hope of the Gospel.

Case for Christ/Case for Faith Compilation Lee Strobel,2010-02-23 Was God telling the truth when he said, You will seek me and find me when you seek me with all your heart? Everyone--seekers, doubters, fervent believers--benefits when Lee Strobel hits the road in search of answers, as he does again in The Case for Faith. In the course of his probing interviews, some of the toughest intellectual obstacles to faith fall away. - Luis Palau Lee Strobel has given believers and skeptics alike a gift in this book. He does not avoid seeking the most difficult questions imaginable, and refuses to provide simplistic answers that do more harm than good. - Jerry Sittser, professor of religion, Whitworth College, and author of A Grace Disguised and The Will of God as a Way of Life

God's Future for Animals Raymond R. Hausoul,2021-08-16 God loves animals and gives them a special place in creation. So, do animals also have a place in God's work of redemption? Will there be animals on the new Earth? Will we see our beloved pets in the afterlife? This book takes up the challenge to think in a responsible way through these questions. The author focuses in particular on the physical restoration, the prophetic proclamation of the coming animal peace, the attitude of God and humanity towards animals, and the question of the relationship between biblical life, the future of animals, and vegetarianism. What can the Bible and Christian doctrine reveal to us about God's way with animals?

Reading Genesis 1-2 J Daryl Charles, 2013-10-03 Today's evangelical community faces a multitude of questions about the creation of the cosmos and the beginning of human history and-quite naturally-we look to the Bible for answers about the origins and meaning of human history. But what are we to do with the stories in the first two chapters of Genesis? *Reading Genesis 1-2: An Evangelical Conversation* brings together the voices of five prominent evangelical scholars who take on difficult interpretive questions that arise from reading the Bible's first two chapters. Richard Averbeck, Todd Beall, John Collins, Tremper Longman, and John Walton offer their perspectives in a point-counterpoint style. Drawing on a wealth of theological, linguistic, and historical expertise, this collection is characterized by a close attention to the biblical text and a mutual respect that often sorely lacks in the discussion of origins in the modern evangelical world. Answers Academy Stacia McKeever, 2005 This book contains leader's notes and discussion materials for the 13-part DVD-based curriculum featuring Ken Ham, Terry Mortenson, and Jason Lisle, which gives a broad overview of the nature of science, with special emphasis on introductory geology and astronomy.

Hard to Believe M. Roddick Paul M. Roddick, Paul Roddick, 2006 *Hard to Believe: A Beginner's Guide to Heresy* reflects the author's respect for the positive role that religion plays in the life of most of humanity, and at the same time his abhorrence of the recurring brutal impact of religion on the evolution of the human race. Interwoven with this well documented and thoughtful study, is the author's own story of his conventional introduction to religion by his traditional Protestant parents, his early instruction in Christian theology and ethics in a village United Church in northern Alberta, and his lifelong reassessment of religious creeds and practices, and the role they should play in his life. The fundamental premise of Paul Roddick's exposition is that religion - every religion - rest on two pillars: theology and ethics. The former (throughout the history of mankind) has been marked by cruelty and repression, and by constant and bloody conflict. The latter, on the other hand, has provided us with definitions of morality and codes of behaviour which encourage and enable us to live together in peace and harmony. This is a book that will hold the attention and command the respect - of both self-confessed intellectuals, and those who think *The Da Vinci Code* is a very good read. It is a book which opens far more doors than it closes. For readers who are encouraged to continue their search of truth, the books listed by Paul Roddick in the bibliography are available in your local library, or for web surfers, on eBay. This book (as its title suggests) is only a

beginning. Whatever your religious roots, age or occupation, what you really believe is an issue worthy of careful consideration, and a question that will never go away.

Finding Faith, Losing Faith Scot McKnight,Hauna Ondrey,2008 However, the book's sensitive detailing of the stories themselves makes conversion more than a theoretical occurrence; it makes the immediacy, and often the difficulty, of conversion both real and moving.

Doc Walk Larry Dixon,2005 Surveys of Churchgoers reveal a huge problem - there is too little difference between them and people who don't go to church! If our beliefs are to be taken seriously then they must be seen to have a difference in our behaviour, Dixon's remarkable insights highlights how doctrine makes a difference in our walk with the Lord and the way we live.
