The First Fifteen Lives of Harry August Claire North, 2014-04-08 Wildly original, funny and moving, *The First Fifteen Lives of Harry August* is an extraordinary story of a life lived again and again from World Fantasy Award-winning author Claire North. Harry August is on his deathbed. Again. No matter what he does or the decisions he makes, when death comes, Harry always returns to where he began, a child with all the knowledge of a life he has already lived a dozen times before. Nothing ever changes. Until now. As Harry nears the end of his eleventh life, a little girl appears at his bedside. I nearly missed you, Doctor August, she says. I need to send a message. This is the story of what Harry does next, and what he did before, and how he tries to save a past he cannot change and a future he cannot allow.

Touch Claire North, 2015-02-24 *Touch* is an electrifying thriller by the author of *The First Fifteen Lives of Harry August* and *84K*. He tried to take my life. Instead, I took his. It was a long time ago. I remember it was dark, and I didn't see my killer until it was too late. As I died, my hand touched his. That's when the first switch took place. Suddenly, I was looking through the eyes of my killer, and I was watching myself die. Now switching is easy. I can jump from body to body, have any life, be anyone. Some people touch lives. Others take them. I do both. More by Claire North: *The Gameshouse* *84K* *The End of the Day* *The Sudden Appearance of Hope* *Touch* *The First Fifteen Lives of Harry August*

The Pursuit of William Abbey Claire North, 2019-11-12 A hauntingly powerful novel about how the choices we make can stay with us forever, by the award-winning author of *The First Fifteen Lives of Harry August* and *84K*. South Africa in the 1880s. A young and naive English doctor by the name of William Abbey witnesses the lynching of a local boy by the white colonists. As the child dies, his mother curses William. William begins to understand what the curse means when the shadow of the dead boy starts following him across the world. It never stops, never rests. It can cross oceans and mountains. And if it catches him, the person he loves most in the world will die. Gripping, moving, and thought-provoking, *The Pursuit of William Abbey* proves once again that Claire North is one of the most innovative voices in modern fiction. Notes from the Burning Age Claire North, 2021-07-20 "ONE OF THE BEST BOOKS I'VE READ IN RECENT YEARS."

THOUGHT PROVOKING, IMAGINATIVE AND PACKS A HELL OF AN EMOTIONAL PUNCH.” —Adrian Tchaikovsky, author of *Children of Time* From one of the most imaginative writers of her generation comes an extraordinary vision of the future... Ven was once a holy man, a keeper of ancient archives. It was his duty to interpret archaic texts, sorting useful knowledge from the heretical ideas of the Burning Age—a time of excess and climate disaster. For in Ven's world, such material must be closely guarded so that the ills that led to that cataclysmic era can never be repeated. But when the revolutionary Brotherhood approaches Ven, pressuring him to translate stolen writings that threaten everything he once held dear, his life will be turned upside down. Torn between friendship and faith, Ven must decide how far he's willing to go to save this new world—and how much he is willing to lose. “A riveting tale of subterfuge and deadly self-indulgence” (Publishers Weekly, starred review) from award-winning author Claire North, *Notes from the Burning Age* puts dystopian fiction in a whole new light. Also by Claire North: *The First Fifteen Lives of Harry August* *Touch The Sudden Appearance of Hope* *The End of the Day* *84K* *The Gameshouse* *The Pursuit of William Abbey*

The Time Machine Hypothesis Damien Broderick, 2019-07-12 Every age has characteristic inventions that change the world. In the 19th century it was the steam engine and the train. For the 20th, electric and gasoline power, aircraft, nuclear weapons, even ventures into space. Today, the planet is awash with electronic business, chatter and virtual-reality entertainment so brilliant that the division between real and simulated is hard to discern. But one new idea from the 19th century has failed, so far, to enter reality—time travel, using machines to turn the time dimension into a two-way highway. Will it come true, as foreseen in science fiction? Might we expect visits to and from the future, sooner than from space? That is the Time Machine Hypothesis, examined here by futurist Damien Broderick, an award-winning writer and theorist of the genre of the future. Broderick homes in on the topic through the lens of science as well as fiction, exploring some fifty different time-travel scenarios and conundrums found in the science fiction literature and film.

The Sudden Appearance of Hope Claire North, 2016-05-17 The World Fantasy Award-winning thriller about a girl no one can remember, from the acclaimed author of *The First Fifteen Lives of Harry August* and *84K*. My name is Hope Arden, and you won't know who I am. But we've met before -- a thousand times. It started when I was sixteen years old. A father forgetting to drive me to school. A mother setting the table for three, not four. A friend who looks at me and sees a stranger. No matter what I do, the words I say, the crimes I commit, you will never remember who I am. That makes my life difficult. It also makes me dangerous. *The Sudden Appearance of Hope* is a riveting and heartbreaking exploration of identity and existence, about a forgotten girl whose story will stay with you forever.

While There's Still Time Robert Colacurcio, 2018-09-24 This collection of essays is intended to be a sequel to my previous book, *On the True Nature of the Soul: Essays for the Seriously Curious*. The basic themes are the illusory nature of time, its swift passing, and ways to make better use of it while we have it. The addendum at the end of each essay is meant to give the

reader a way to practically apply the ideas in the essay. Everything I have written, including this book, is a development of two basic ideas: 1) we are here to see through the illusion of our separateness and 2) the soul is the potential to be one with all things. The subject matter of these essays can be succinctly stated as the timeless nature of the soul incarnate as it struggles to realize that nature in time.

84K Claire North, 2018-05-22 A powerful dystopian vision of a world where money reigns supreme, from a World Fantasy Award-winning author. An extraordinary novel that stands with the best of dystopian fiction, with dashes of *The Handmaid's Tale*. -- Cory Doctorow The penalty for Dani Cumali's murder: \$84,000. Theo works in the Criminal Audit Office. He assesses each crime that crosses his desk and makes sure the correct debt to society is paid in full. These days, there's no need to go to prison -- provided that you can afford to pay the penalty for the crime you've committed. If you're rich enough, you can get away with murder. But Dani's murder is different. When Theo finds her lifeless body, and a hired killer standing over her and calmly calling the police to confess, he can't let her death become just an entry on a balance sheet. Someone is responsible. And Theo is going to find them and make them pay. Perfect for fans of *1984* and *Never Let Me Go*, Claire North's moving and unnerving new novel will resonate with readers around the world.

The End of the Day Claire North, 2024-09-24 A novel about life and death and a quest for moral purpose, by the acclaimed author of word-of-mouth bestseller *The First Fifteen Lives of Harry August*. Sooner or later, Death visits everyone. Before that, they meet Charlie: the Harbinger. Sometimes he comes as a courtesy, sometimes as a warning. Either way, this will be the most important meeting of your life. But who will come for Charlie? Wholly original and hauntingly beautiful. — Kirkus Reviews Funny, ambitious, immensely humane and full of philosophical panache. — Sunday Times A fascinating exploration of what makes us human — and a riveting journey through life, and death. — The Bookbag Reaffirms the passion and ambition that have made North such a consistently intriguing writer. — Locus

Ithaca Claire North, 2022-09-06 From the multi-award-winning author Claire North comes a daring reimagining that breathes life into ancient myth and gives voice to the women who stand defiant in a world ruled by ruthless men. It's time for the women of Ithaca to tell their tale . . . North brings a powerful, fresh, and unflinching voice to ancient myth. Breathtaking. —Jennifer Saint, author of *Ariadne* Seventeen years ago, King Odysseus sailed to war with Troy, taking with him every man of fighting age from the island of Ithaca. None of them has returned, and the women of Ithaca have been left behind to run the kingdom. Penelope was barely into womanhood when she wed Odysseus. While he lived, her position was secure. But now, years on, speculation is mounting that her husband is dead, and suitors are beginning to knock at her door. No one man is strong enough to claim Odysseus' empty throne—not yet. But as everyone waits for the balance of power to tip, Penelope knows that any choice she makes could plunge Ithaca into bloody civil war. This is the story of Penelope of Ithaca, famed wife of Odysseus, as it has never been told before. Beyond Ithaca's shores, the whims of gods dictate the wars of men. But on the isle, it is the choices of the abandoned women—and their goddesses—that will change the course of the world.

Je dois vous transmettre un message, passé d'enfant à adulte, d'enfant à adulte, remontant de génération en génération depuis un millénaire dans le futur. Le voici : la fin du monde approche, et nous ne pouvons pas l'empêcher. A vous de jouer.»
