Roving Mariners Lynette Russell,2012-11-01 For most Australian Aboriginal people, the impact of colonialism was blunt—dispossession, dislocation, disease, murder, and missionization. Yet there is another story of Australian history that has remained untold, a story of enterprise and entrepreneurship, of Aboriginal people seizing the opportunity to profit from life at sea as whalers and sealers. In some cases participation was voluntary; in others it was more invidious and involved kidnapping and trade in women. In many cases, the individuals maintained and exercised a degree of personal autonomy and agency within their new circumstances. This book explores some of their lives and adventures by analyzing archival records of maritime industry, captains' logs, ships' records, and the journals of the sailors themselves, among other artifacts. Much of what is known about this period comes from the writings of Herman Melville, and in this book Melville's whaling novels act as a prism through which relations aboard ships are understood. Drawing on both history and literature, *Roving Mariners* provides a comprehensive history of Australian Aboriginal whaling and sealing.

Words and Music in Henry Purcell's First Semi-opera, Dioclesian Julia Muller,1990 Although both the complete libretto (1690) and the full score (1691) of Henry Purcell's first semi-opera The Prophetess or, The History of Dioclesian have been preserved, the work has tended not to be fully discussed. In this study its relationship to the play of the same name by John Fletcher and Philip Massinger (1622) and in particular the Alterations and Additions After the Manner of an OPERA by Thomas Betterton, actor-manager of the Dorset Garden Theatre, come under scrutiny. A line-by-line comparison is made of the opera with the only two published versions of the play extant, which are in the Beaumont and Fletcher First Folio (1647) and Second Folio (1679). Double numbering is used to aid easy reference to both notes and folios. The alterations are shown to be classifiable under such headings as late 17th-century theatre conventions, political expediency, providing scope for music and dance, and unification.
