The Forgotten Colony (a Zach Croft Novel) J. B. Ryder, 2023-05-09 Zach Croft wants to forget the Prescott colony ever happened. He wants to forget the crimson sand dunes, violent dust storms, and meteor impacts. He wants to forget the sight of his neighbors bleeding from their eyes as boils ravaged their bodies. He wants to forget the fact that his best friend was left to die. Most of all, he wants to forget that, without Prescott, humanity is doomed. But when a Prescott dropship plummets from the sky twenty-three years later, he has no choice but to remember. As Zach embarks on a life-or-death quest for answers about the dropship's impossible return, he discovers something even more important: there is still hope for humanity's survival. With conditions rapidly worsening on Earth, he is in a race against time to return to Mars, finish the work that Prescott started, and save the human race from extinction. To do so, he must face the truth about what really happened in Prescott—a truth that calls into question everything he thinks he knows about who he is, who he trusts, and what he has done.

Us Before Them (a Zach Croft Novel) J. B. Ryder, 2025-05-09 Zach Croft expects a fresh start on Alpha Cen. After leading a suicide mission to Mars, surviving a barrage of world-ending solar flares, and watching his best friend's dropship explode before his eyes, Zach wants nothing more than to leave the past behind and build a better society from the ground up. But upon landing, he discovers that Alpha Cen already has a society. It has settlements. Food. Technology that Zach didn't know existed. And a merciless tribalism that drives scientists to put heads on spikes and colleagues to starve each

other into submission. As the days get colder and the beautiful landscape of Alpha Cen contorts into an unsurvivable black desert where the laws of physics do not apply, Zach quickly discovers that humans have a habit of destroying planets and people alike. If they can't find a way to settle their differences and save Alpha Cen, humanity's new beginning will be over before it starts. Because this time, there's nowhere else to go.

The Encyclopaedia Britannica: Gichtel-Harmonium ,1910 The last great work of the age of reason, the final instance when all human knowledge could be presented with a single point of view ... Unabashed optimism, and unabashed racism, pervades many entries in the 11th, and provide its defining characteristics ... Despite its occasional ugliness, the reputation of the 11th persists today because of the staggering depth of knowledge contained with its volumes. It is especially strong in its biographical entries. These delve deeply into the history of men and women prominent in their eras who have since been largely forgotten - except by the historians, scholars-- The Guardian,
