How to Win the Lottery with the Law of Attraction Eddie Coronado, 2014-09-10 HOW TO WIN THE LOTTERY WITH THE LAW OF ATTRACTION was written by Law of Attraction lottery winner, teacher and author Eddie Coronado. Based on interviews with actual winners who have used the Law of Attraction to win lottery prizes, this book provides the metaphysical tools and insights that are necessary to win lottery and contest prizes through the creative power of thoughts and feelings. Although this book contains the manifestation techniques of people who have won money, these metaphysical exercises can be used to attract the perfect mate, a new career, financial success, or anything that you can make a part of your beliefs and feelings. There is no limit to how much money and success you can manifest through the Law of Attraction because this immense spiritual power does not have an opinion about what you should or should not have. You can use the Law of Attraction to manifest ten cents or ten million dollars. The determining factor is belief and expectancy, which can be harnessed by using the spiritual tools discussed in this book. THIS BOOK CONTAINS FOUR PARTS: PART 1: This section explores the tools that are used for the manifestation techniques in this book. The tools covered are as follows: Affirmations, Creative Visualization, Expectation, Gratitude, and the Practice of Receiving. You should take the time to carefully read this section even if you are familiar with the Law of Attraction and the power of intention. This section contains a number of insights and explanations that may have been missed by other authors and teachers. For example, the Practice of Receiving is a powerful tool that can help you attract a lot of money, yet many Law of Attraction books do not mention this important exercise. In addition, I have included some helpful information about gratitude and affirmations as it relates to manifesting money. Affirmations of words, thoughts, feelings, and actions are also covered. Finally, the most important element of any manifestation technique is creative visualization, which every Law of Attraction lottery and contest winner has used to win prizes. PART 2: This section includes the manifestation techniques used by the winners who were interviewed for this book. Each winner, including the author, is introduced and his/her manifestation exercise is documented to reflect the exact steps taken to win lottery prizes. No changes have been made in order to preserve the integrity of each winner's method. PART 3: This is a Question and Answer Section that covers the most important questions about the manifestation techniques in this book. The answers have been provided by the lottery winners who were interviewed. This Question and Answer section will provide clarity and direction for those readers who are committed to using the Law of Attraction to manifest lottery prizes.

The questions included in this section cover topics such as: Should I buy lots of tickets? How will I know that my intention will work? How long will it take for me to get results? What part does luck play in manifesting lottery prizes? In addition, a host of other important questions are discussed. PART 4: This section contains helpful tips and suggestions that will explain how to implement the following manifestation techniques and how to make the most of them. It also contains information regarding the common denominators of the winners' daily action plan in order to provide a clear understanding of the mental and emotional habits that are necessary for manifesting lottery prizes with the Law of Attraction.

Different thoughts generate different feelings. If you think of sadness, you may unknowingly become sad. Let us look at this with the previous example we had given. This in turn attracts emotions that compliment those of winning money. The more you think of winning, the happier you shall be and the more your vibrational zone shall expand bringing with it other feelings related to that happiness; feeling such as faith, belief and courage to buy a ticket next time. Lottery Books: How to Win Lottery Powerball Secrets,2018-03-09 How To Make the Law of Attraction Work For You in any Situation not just playing the lottery. Without a doubt the Law of Attraction works, it's worked for millions of people around the world. However I still hear about others who are having difficulty making it work in their lives. I want to change that with this Law of Attraction guide. I used to dismiss the Law of Attraction, thinking it was a fad and I really couldn't get it to work in my life for a few years. That all changed when I realised the one thing I was doing wrong: I didn't believe it would work. How to Apply The Law of Attraction. In this Book I wanted to write a clear, no nonsense guide to help you make manifesting easy and having the Law of Attraction work for you, just as I, and millions of others have been able to benefit

from its principles. Before I go on to let you know what some of the Steps are, I would urge you to test the Law of Attraction with something small, something that couldn't be classed as coincidence. If you start off by asking for a lottery win, you're going to be sorely disappointed. The reason for this is you've got to build up your beliefs and expectations about the Law of Attraction, and the only way to do that is to start small and gather evidence that it works for you. A small portfolio of successes. As I was able to build up more and more successes in my own life using the principles of the Law of Attraction my belief in its power and principles grew, and I no longer question whether or not it works, I know for certain that it does work. Yes there are things we can do to speed up the process, like using visualization techniques such as guided meditation, but truly trusting and believing that your desires will be manifested will make a huge difference in your life. Okay, on to Some of the steps. 1. Know what you desire. Whatever you desire in life is absolutely possible, and you can have that desire fulfilled. You've got to believe in that. That being said, you need to know what you desire in life. So many of us still don't know what we truly desire. We might say 'I'd like a new car, a new house, more money' however that's not enough. A better way to desire something is to be specific: 'I would love a brand new red convertible, Audi A5, with Milano leather upholstery. I see myself floating along the highway, with the sun shining, and my favourite music blasting from the speakers feeling absolutely amazing. It's just such a perfect car' Now, that's the real way to know what you desire. Be specific in your desires, and put your emotions into the images you see in your mind. It's the vibrations of your emotions that truly makes the Law of Attraction come alive. 2. Believe that it will come. Belief is the real key to manifesting your desires. Without belief it will not work for you, simple as that. You may tell me that it's difficult to believe in something that you cannot see or have trust in. Well, there's a solution for that; start small. Like I said in the beginning of this article, ask for something small. I remember testing the Law of Attraction and asked to manifest a Bonsai tree, yes I know a little strange. The reason I asked for a Bonsai tree was because I'd never had one before, and there was no likelihood of me ever getting one, unless I bought it myself, so if this worked it couldn't just be coincidence. For 3 weeks, I thought about this Bonsai tree and visualized it in my life. Nothing happened, but I kept on seeing Bonsai trees everywhere, on the TV, in other people's houses, in advertising images. Anyway, after 4 weeks whilst I was having some friends around at my home, someone gifted me with a Bonsai tree, saying that she hadn't bought me a gift for my new home when I moved in six months ago, I was hooked. That totally built up my belief that the Law of Attraction really does work, and it's snowballed ever since.

How to win the Powerball? ACS Lucky,2023-01-04 Hello, my dear reader. Here's a little secret if you plan to buy tickets for the huge Powerball lottery drawing this weekend: Some Powerball numbers turn out to be winners much more often than other numbers. Even though math experts say the odds are exactly the same for each number to get drawn on any given night — because the selection process is random and there's a precise number of balls in the lottery bin — the reality is some numbers pop out more frequently than others. Think about it: is it possible that a huge percentage of lottery winners are actually using mathematical or statistical formulas to help them win? If that is the case then anyone who is not using a system is merely feeding the prize fund and has an almost zero chance of winning. Here are some basic tips you can implement right now to slightly improve your chances of winning millions. Want to Play Powerball? Here's What You Need to Know.

Manifestation Math Thoughts + Choices + Actions = Your Life Richard Spitzer, 2018-08-30 For over 2,000 years, philosophers, teachers, scientists and everyday people have been interested in manifestation and attraction concepts. And now, science and quantum physics support many of the original observations about how people are connected to the vast universe of energy and information. But how can we update the centuries of wisdom to a modern, practical and usable manifestation process to achieve our individual goals? Richard used his research expertise to analyze the historical teachings and the everyday evidence to create a new, practical manifestation concept with simple to use practices. If you believe that you are what you think, and attract what you think about, there is now a process to manage your thoughts, choices and actions to achieve your goals. We see the evidence of successful manifestation all around us -people achieving their goals every day. Manifestation has three stages: thoughts process outcomes. We can easily observe the original thoughts and the eventual outcomes. But what happens in the middle to create a successful outcome? What is the formula for success? Richard has reverse engineered manifestation we can observe and filled in the steps that have been missing for how to transform thoughts into successful outcomes. Every thought does not become your reality. But there is a process and math-based goal to achieve the critical balance of positive thoughts to negative thoughts to enter the successful manifestation zone. Its almost that simple if you have the right guidance and a way to monitor to your progress. Manifestation Math is a practical, simple process to manifest goals using the basic math of the universe. As Willie Nelson said, if you replace negative thoughts with positive thoughts, you will have a positive result. Manifestation Math has created a simple process to bring this wisdom to everyone.
