Michael J. Marquardt, Shannon Banks, Peter Cauwelier, NG Choon Seng

Leading with Questions Michael J. Marquardt, 2011-01-06 In *Leading with Questions*, internationally acclaimed management consultant Michael Marquardt shows how you can learn to ask the powerful questions that will generate short-term results and long-term learning and success. Throughout the book, he demonstrates how effective leaders use questions to encourage participation and teamwork, foster outside-the-box thinking, empower others, build relationships with customers, solve problems, and much more. Based on interviews with twenty-two successful leaders who “lead with questions,” this important book reveals how to determine which questions will lead to solutions in today’s complicated business world.

Leading with Questions Michael J. Marquardt, 2014-02-04 Many leaders are unaware of the amazing power of questions. Our conversations may be full of requests and demands, but all too often we are not asking for honest and informative answers, and we don’t know how to listen effectively to responses. When leaders start encouraging questions from their teams, however, they begin to see amazing results. Knowing the right questions to ask—and the right way to listen—will give any leader the skills to perform well in any situation, effectively communicate a vision to the team, and achieve lasting success across the organization. Thoroughly revised and updated, *Leading with Questions* will help you encourage participation and teamwork, foster outside-the-box thinking, empower others, build relationships with customers, solve problems, and more. Michael Marquardt reveals how to determine which questions will lead to solutions to even the most challenging issues. He outlines specific techniques of active listening and follow-up, and helps you understand how questions can improve the way you work with individuals, teams, and organizations. This new edition of *Leading with Questions* draws on interviews with thirty leaders, including eight whose stories are new to this edition. These interviews tell stories from a range of countries, including Singapore, Guyana, Korea, and Switzerland, and feature case studies from prominent firms such as DuPont, Alcoa, Novartis, and Cargill. A new chapter on problem-solving will help you apply questions to your toughest situations as a leader, and a new “Questions for Reflection” section at the end of each chapter will help you bring Marquardt’s message into all of your work as a leader. Now more than ever, *Leading with Questions* is the definitive guide for becoming a stronger leader by identifying—and asking—the right questions.

Developing Faithful Ministers Tim Ling, 2013-01-25 *Developing Faithful Ministers* aims to support the work of all those involved in supervision and training relationships within the Church. The Church recognising its call to serve God and the nation seeks to equip and develop its ministers to face the challenge of ministry in a society at the threshold of Christendom that is in a mission context. It is a context where both the general public and the institutional church have significant expectations of those in ministry. Indeed, there is now an expectation of 'demonstrable capability' prior to being licensed to any form of permanent tenure. The demand for more professional, demonstrably capable, mission able and collaborative licensed ministers places particular weight on the efficacy of the initial training relationship. *Developing Faithful Ministers* seeks to support those who find themselves in these relationships by offering both models of good practice and sustained theological reflection on what these drivers mean for developing ministry.

Dream, Dare, Do. (ENG) Conny Vandendriessche, 2022-09-14 When lockdown first hit, I felt prompted to go on a world tour... a virtual journey through thirteen stories about dreaming, daring, and doing. My tour guides? Women entrepreneurs and leaders I hadn't met yet. They live and work on four of the world's five inhabited continents. We differ in how old we are, where we come from, and what we do. But there's a surprising amount we have in common: We understand each other's dreams. We all have the courage to dare and to do, despite the barriers - large or small - that our environment throws at us or that we even create ourselves. To encourage dreamers to take action, to let the darers do their thing, and to get the doers dreaming: That's the mission of this book, my mission. THE PROCEEDS FROM THIS BOOK WILL GO TO WOMEN IN TECH, A GLOBAL NONPROFIT INITIATIVE THAT AIMS TO MAKE FIVE MILLION GIRLS AND WOMEN MORE DIGITALLY LITERATE BY 2030.

The 60 Second Leader Phil Dourado, 2009-09-18 This book is the distillation of 30 essential elements of leadership into 60 second digestible chapters. There are also 30 true 60 Second Leader Tales in between the chapters to help bring some of the

leader learning points to life. PRAISE FOR THE 60 SECOND LEADER A good prescription for all of us! Hope the book does well. Guy Kawasaki, Garage.com. Author, Rules for Revolutionaries and The Art of The Start I was very impressed. I approached it as a cynic, thinking it was going to be one of those 'MBA in a day' things. But, I enjoyed it. It's very well put together. Steve Parks, CEO, The Red Group Well done on your refreshing approach to leadership. I recommended your book to a large conference yesterday. Keep going - this world needs people like you. David Taylor, Author, The Naked Leader The book is great. I'm really enjoying reading it; very informative, easy to read and a bit irreverent which I really like. I will recommend it to all my friends. It deserves a wide readership! Jon Harding, Senior HR Manager in charge of Leadership Development, Intercontinental Hotels Group

The Trusted Leader Terry Newell, Grant Reeher, Peter Ronayne, 2008 Government reform efforts usually focus on macro-level change heralded by new policies, programs, structures, and systems. Yet they tend to ignore that these reforms do not succeed without people. Public managers who form healthy working relationships built on trust are the micro-level change levers—the necessary pre-condition to improving government. Buttressed by their real-world experience on the frontlines of a range of cases, the authors demonstrate the importance of values-based leadership. Chapters then focus on tools; the concrete ways in which leaders can improve themselves, their organizations, those they coach; and the teams they establish to build effective relationships and the trust essential to success. Surveying agencies both horizontally and vertically, The Trusted Leader also addresses how public managers can collaborate with political appointees and the legislative branch, all the while engaging with citizens through modern technologies to build exceptional customer experiences.

Packed with extensive enhancements, including new international case studies, and more strategies to introduce and maintain action learning programs within an organization, Optimizing the Power of Action Learning delivers an innovative and fresh perspective - making it a must-have for any organization looking to heighten competitive advantage and sustain success.
