**Research Anthology on Developing Effective Online Learning Courses** Management Association, Information Resources, 2020-12-18 In the current educational environment, there has been a shift towards online learning as a replacement for the traditional in-person classroom experience. With this new environment comes new technologies, benefits, and challenges for providing courses to students through an entirely digital environment. With this shift comes the necessary research on how to utilize these online courses and how to develop effective online educational materials that fit student needs and encourage student learning, motivation, and success. The optimization of these online tools requires a deeper look into curriculum, instructional design, teaching techniques, and new models for student assessment and evaluation. Information on how to create valuable online course content, engaging lesson plans for the digital space, and meaningful student activities online are only a few of many current topics of interest for promoting student achievement through online learning. The Research Anthology on Developing Effective Online Learning Courses provides multiple perspectives on how to develop engaging and effective online learning courses in the wake of the rapid digitalization of education. This book includes topics focused on online learners, online course content, effective online instruction strategies, and instructional design for the online environment. This reference work is ideal for curriculum developers, instructional designers, IT consultants, deans, chairs, teachers, administrators, academicians, researchers, and students interested in the latest research on how to create online learning courses that promote student success.

Handbook of Research on Virtual Training and Mentoring of Online Instructors Keengwe, Jared, 2018-07-06 To meet the dynamic academic demands of twenty-first century digital learners, many institutions of higher learning are offering more online classes than ever before that are accessible to both traditional and non-traditional learners. As such, a growing demand for online courses implies that participating institutions provide faculty with appropriate professional development programs to ensure the design and delivery of quality online courses. The Handbook of Research on Virtual Training and Mentoring of Online Instructors is a critical scholarly resource that highlights the issues, challenges, and online engagement experiences to enhance effective teaching and learning in this learning environment. Featuring coverage on a broad range of topics such as media literacy, professional development, and virtual learning environments, this book is geared towards educational administrators, educators, and instructional designers interested in quality online instruction.

**Digital Synergy** Ibrahiem M. M. El Emary, Anna Brzozowska, Piotr Maśloch, 2024-08-22 In an era where technological progress redefines the boundaries of business and management, 'Digital Synergy - Innovative Management in the ICT Era' emerges as a guide for current and aspiring leaders. This book delves into the heart of modern management practices, illuminated by the transformative power of Information and Communication Technologies (ICT) and digital synergy. Facing the relentless pace of change, adaptation, innovation, and the utilization of digital synergy are no longer optional; they are the bedrock of sustainable success. Through a carefully selected collection of theories, case studies, expert insights, and examples of digital synergy, this book provides the foresight and tools necessary to navigate through the complexities of a globalized, digital marketplace. The book is divided into four sections: 1. Financial and strategic management in uncertain times 2. Global trends and management challenges 3. Corporate social responsibility and effective CSR management 4. The future of logistics, with a special focus on military logistics Designed for business leaders, managers, students, and anyone keen on deepening their understanding of how ICT and digital synergy shape management strategies, this book is a call to action. It challenges to not just keep pace with technological progress but to lead the charge in leveraging it for strategic advantage.

*Entrepreneurship in the Arab World* Haya Al-Dajani, Bettina Lynda Bastian, Poh Yen Ng, Bronwyn P Wood, 2025-10-15 Entrepreneurship in the Arab World is a pioneering academic reader and research companion offering an in-depth exploration of entrepreneurship in the Arab world. Edited by leading scholars with deep regional expertise, the book addresses the cultural, institutional, religious and socio-economic dynamics shaping entrepreneurial activity in Arab countries. With contributions from local and international experts, the book provides a rich, contextualized analysis across a broad spectrum of topics, including women's entrepreneurship, youth entrepreneurship, social innovation, family enterprises, digital entrepreneurship, green entrepreneurship, Islam and entrepreneurship and more. This book is designed for university students, educators, researchers, business support agencies, international aid agencies, and policy-makers working in or focused on supporting entrepreneurship in the Arab world. Its structured chapters include case studies, key learning points, and discussion questions to enhance teaching and learning. The book fills a critical gap in contextualized entrepreneurship education resources by offering a tailored, region-specific deep dive. It promotes culturally relevant learning, provides practical insights for students and practitioners and offers policy recommendations for fostering inclusive and sustainable entrepreneurship. This essential text will support the growing regional movement towards economic diversification and youth empowerment and serve as a benchmark for future research and pedagogy in Arab entrepreneurship studies.

**Human Resources Development in Saudi Arabia** Joy Winkie Viola, 1986

Asia-Gulf Economic Relations in the 21st Century Tim Niblock, 2013-12-31 Asia constitutes the hub of the transformation of global economic power today. The Gulf, itself part of Asia, is of increasing importance in this transformation. This book

documents the growing interactions between the economies of the Gulf states and those of the rest of Asia. These relationships are critical to how the world economy develops over the next decade, and how economic (and perhaps strategic) power is distributed. This volume assembles cutting-edge thinking by 16 specialists on a wide variety of topics covering Arab Gulf relations with China, Japan, ASEAN, Korea and India, as well as with Russia, Iran and Turkey.

Research Handbook on Islamic Law and Society Nadirsyah Hosen, 2018-09-28 The Research Handbook on Islamic Law and Society provides an examination of the role of Islamic law as it applies in Muslim and non-Muslim societies through legislation, fatwa, court cases, sermons, media, or scholarly debate. It illuminates the intersection of social, political, economic and cultural factors that inform Islamic Law across a number of jurisdictions. Chapters evaluate when and how actors and institutions have turned to Islamic law to address problems faced by societies in Muslim and, in some cases, Western states.

**Handbook of Sustainability Science and Research** Walter Leal Filho, 2017-10-03 This multidisciplinary handbook explores concrete case studies which illustrate how sustainability science and research can contribute to the realization of the goals of the 2030 Agenda for Sustainable Development. It contains contributions from sustainability researchers from across the world.
