77 Positive Poetic Gospel Messages Joseph Conboy,2016-06-28 Reader's will experience a little taste of truth and Heaven when reading this book. The book was written by a clinically depressed person and started out as positive songs to help him and others get through rough times in life. The songs then turned into short messages and stories that he thought would be a helpful guide for everyone during these last days: to inspire, comfort, and make one aware of the world around them today. It serves as a tool to get people strong with the word when they need it the most. The works can engage people of all ages. Anyone can help change and inspire the world no matter their struggles, as struggles only truly do make us stronger. This book is intended to give a message for the day or week, and then bunches together and compiles scripture pertaining to that message. The word will keep you strong, while using different methods to get that word across to keep it fun and feeling new. No matter if one is a new or committed devout Christian; the book gives people the meat and cheese surrounded by the bread of life (Jesus Christ) to help one stay strong. The messages can be used for Gospel songs to help inspire and lift up as well. We all make mistakes, so we can learn firmly how to always overcome them, along with those bumps in the road. A poetry book with many metaphors that will make you want to take another look, as the writer shows how he was once a part of sins hook, and still needs himself a daily look at the word during these perilous times. (2Timothy 3:1-2)

The Sacred in Music Albert L. Blackwell,1999 Albert L. Blackwell is Reuben B. Pitts Professor of Religion at Furman University in South Carolina.

The Philosophy of Spirituality Heather Salazar, Roderick Nicholls, 2018-11-05 The essays in The Philosophy of Spirituality explore a new field in philosophy. Until recently, most philosophers in the analytic and continental Western traditions treated spirituality as a religious concept. Any non-religious spirituality tended to be neglected or dismissed as irremediably vague. Here, from various philosophical and cultural perspectives, it is addressed as a subject of independent interest. This is a philosophical response to increasing numbers of spiritual but not religious people inhabiting secular societies and the heightened interaction between a multitude of spiritual traditions in a globalized age. A provocative array of approaches (African, Indigenous, Indian, Stoic, and Sufic perspectives, as well as Western analytic and continental views) offer fresh insights, many articulated by emerging voices. Contributors are Mariapaola Bergomi, Moses Biney, Christopher Braddock, Drew Chastain, Kerem Eksen, Nikolay Milkov, Roderick Nicholls, Jerry Piven, Heather Salazar, Eric Steinhart, Richard White, Mark Wynn and Eric Yang.
