The Beat Stops Here Mark Gibson, 2017 In *The Beat Stops Here: Lessons on and off the Podium for Today's Conductor*, master conductor Mark Gibson addresses the technique of conducting as an extension of intimate knowledge of the score to the hands and arms. He employs a variety of everyday activities and motions (brushing the dog, Tinkerbelle, the door knob) to describe the physical aspects of the role. He advocates a comprehensive, detailed approach to score study, addressing major works bar-by-bar in terms of both musical analysis and conducting method. Finally, Gibson explores the various roles a conductor plays, as a teacher, a scholar and a member of the musical community. His writing is highly focused, with an occasionally tongue-in-cheek, discussing everything from motivic development in Brahms to how to hold a knife and fork in public. In short, *The Beat Stops Here* is a compendium of style and substance in the real world of today's conductor.

Choral-Orchestral Repertoire Jonathan D. Green, David W. Oertel, 2019-12-05 *Choral-Orchestral Repertoire: A Conductor's Guide, Omnibus Edition* offers an expansive compilation of choral-orchestral works from 1600 to the present. Synthesizing Jonathan D. Green's earlier six volumes on this repertoire, this edition updates and adds to the over 750 oratorios, cantatas, choral symphonies, masses, secular works for large and small ensembles, and numerous settings of liturgical and biblical texts for a wide variety of vocal and instrumental combinations. Each entry includes a brief biographical sketch of the composer, approximate duration, text sources, performing forces, available editions, and locations of manuscript materials, as well as descriptive commentary, a discography, and a bibliography. Unique to this edition are practitioner's evaluations of the performance issues presented in each score. These include the range, tessitura, and nature of each solo role and a determination of the difficulty of the choral and orchestral portions of each composition. There is also a description of the specific challenges, staffing, and rehearsal expectations related to the performance of each work. *Choral-Orchestral Repertoire* is an essential resource for conductors and students of conducting as they search for repertoire appropriate to their needs and the abilities of their ensembles.
