**Save the Cat! Writes a Young Adult Novel** Jessica Brody, 2023-07-18 An indispensable guide in the bestselling Save the Cat! story structure series that reveals the 15 essential plot points needed to make any young adult novel a success, from an accomplished novelist and the author of Save the Cat! Writes a Novel. In Save the Cat! Writes a Young Adult Novel, prolific author and story coach Jessica Brody presents a comprehensive story structure guide for anyone who wants to write a young adult novel by applying the famed Save the Cat! screenwriting methodology to the world of YA fiction. In this book, you will learn:

- The fifteen “beats” (or plot points) that are necessary for crafting a successful story with a compelling character arc—including the Opening Image, Catalyst, Fun and Games, Bad Guys Close In, Dark Night of the Soul, and Finale
- The ten universal story genres that will help you drill into what makes your type of story work, including those most commonly found in young adult novels like Rites of Passage, Superhero, Buddy Love, Institutionalized, and Golden Fleece
- Quirky, original insights and writing tips like “Save the Cat,” the “Shard of Glass,” and the “Dark Night Epiphany,” that help you craft a story that will thrill and captivate teen readers

Filled with practical advice, easy-to-follow templates, and “beat sheets” analyzing the structure of popular young adult novels such as Leigh Bardugo’s Six of Crows, John Green’s The Fault in Our Stars, and Lois Lowry’s The Giver, this book is the ultimate reference for anyone who’s ever dreamed of writing their own young adult bestseller.

**The Language of Dystopia** Jessica Norledge, 2022-08-29 This book presents an extended account of the language of dystopia, exploring the creativity and style of dystopian narratives and mapping the development of the genre from its early origins through to contemporary practice. Drawing upon stylistic, cognitive-poetic and narratological approaches, the work proposes a stylistic profile of dystopia, arguing for a reader-led discussion of genre that takes into account reader subjectivity and personal conceptualisations of prototypicality. In examining and identifying those aspects of language that characterise dystopian narratives and the experience of reading dystopian fictions, the work discusses in particular the manipulation and construction of dystopian languages, the conceptualisation of dystopian worlds, the reading of dystopian minds, the projection of dystopian ethics, the unreliability of dystopian refraction, and the evolution and hybridity of the dystopian genre.
