

Shostakovich Quartet 8 Imslp

Corelli (COP)

Shostakovich, quartets, strings, 8, op. 110, C minor String quartet no. 8, op. 110. Parts. Dmitri SHOSTAKOVICH, 1961

Shostakovich: String Quartet No. 8 David J. Fanning, 2004 When it was first performed in October 1960, Shostakovich's Eighth String Quartet was greeted with a standing ovation and given a full encore. Its popularity has continued to the present day with over a hundred commercial recordings appearing during the last 40 years. The appeal of the work is not hard to identify; immediately communicative, the quartet is also made up of rich seams of deeper meaning. This book is the first to examine its musical design in detail and it seeks to overthrow the charges of superficiality that have arisen as a result of the work's success. The core of this study is the close analysis of the work, but this is placed in context with a discussion of Shostakovich's reputation and historical position, the circumstances of the quartet's composition and the subsequent controversies that have surrounded it. The work was composed during the so-called 'Thaw' years of the Soviet Union and the cultural and political backgrounds of this period are considered, together with an assessment of Shostakovich's life and work during this time. David Fanning argues persuasively that the Eighth String Quartet is a landmark in twentieth-century music in its transcendence of the extra-musical meanings that it invokes; that it is 'music that liberates itself from the shackles of its context'. The book features an accompanying CD of the work.

Shostakovich Str. quartet No.8 Op110 Corelli (COP), 1985-09

Composing the Modern Subject Sarah Jane Reichardt, 2008 Dmitri Shostakovich and his music have been subject to heated debate concerning how the musical meaning of his works can be understood in relationship to the composer's life within the Soviet State. This book offers a useful corrective: setting aside biographically grounded and traditional analytical modes of explication, Reichardt uncovers and explores the musical ambiguities of four of the composer's middle string quartets. The music is constantly collapsing, reversing, inverting and denying its own structural imperatives. Reichardt argues that such confrontation of the musical language with itself, also speaks poignantly to the fractured state of a more general form of modern subjectivity.
