**William Farren White**

Slave Species of God Michael Tellinger, 2005 Already proven as a #1 Best Seller in South Africa, this recently released book is well on its way to a repeat performance in the US. This book draws clear and startling analogies between new discoveries in genetic engineering and ancient archaeological finds.

*Slave Species of the Gods* Michael Tellinger, 2012-09-10 Our origins as a slave species and the Anunnaki legacy in our DNA • Reveals compelling new archaeological and genetic evidence for the engineered origins of the human species, first proposed by Zecharia Sitchin in *The 12th Planet* • Shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA • Identifies a recently discovered complex of sophisticated ruins in South Africa as the city of the Anunnaki leader Enki Scholars have long believed that the first civilization on Earth emerged in Sumer some 6,000 years ago. However, as Michael Tellinger reveals, the Sumerians and Egyptians inherited their knowledge from an earlier civilization that lived at the southern tip of Africa and began with the arrival of the Anunnaki more than 200,000 years ago. Sent to Earth in search of life-saving gold, these ancient Anunnaki astronauts from the planet Nibiru created the first humans as a slave race to mine gold--thus beginning our global traditions of gold obsession, slavery, and god as dominating master. Revealing new archaeological and genetic evidence in support of Zecharia Sitchin's revolutionary work with pre-biblical clay tablets, Tellinger shows how the Anunnaki created us using pieces of their own DNA, controlling our physical and mental capabilities by inactivating their more advanced DNA--which explains why less than 3 percent of our DNA is active. He identifies a recently discovered complex of sophisticated ruins in South Africa, complete with thousands of mines, as the city of Anunnaki leader Enki and explains their lost technologies that used the power of sound as a source of energy. Matching key mythologies of the world's religions to the Sumerian clay tablet stories on which they are based, he details the actual events behind these tales of direct physical interactions with "god," concluding with the epic flood--a perennial theme of ancient myth--that wiped out the Anunnaki mining operations. Tellinger shows that, as humanity awakens to the truth about our origins, we can overcome our programmed animalistic and slave-like nature, tap in to our dormant Anunnaki DNA, and realize the longevity and intelligence of our creators as well as learn the difference between the gods of myth and the true loving God of our universe.

**Slave Species of God** Michael Tellinger, 2017-07-26 Were humans created by god as SLAVES? Was Abraham the first

human SPY? Was Jesus an accidental MESSIAH? Michael Tellinger takes the readers on a remarkable odyssey of the true origins of humankind. He masterfully weaves together a very different tale of our origins, by connecting the dots between history, archaeology, mythology, religion, scientific breakthrough, genetics and the startling information derived from the Sumerian clay tablets. He points out the critical difference between the GOD with a big G and the gods with a small g, clearing up millennia of confusion and conflict in the name of God. In *Slave Species of god* - Tellinger achieves the following:

- draws clear and startling analogies between new discoveries in genetic engineering and ancient archaeological finds...
- highlights emerging scientific information overlooked in the past...
- unravels the Bible's often obscure stories by linking these to their original forms in Sumerian clay tablets and other prehistoric writings...
- provides explicit answers to why our modern world has become so senseless and chaotic by revealing the very secrets of our prehistory...

While shattering myths about evolution and God, *Slave Species of god* enables evolutionists and creationists to finally co-exist in one pond. The arguments are compelling, simple and refreshing, retracing the path of human evolution from the murky distant past to the religious dogma that haunts humankind today. The question of who we are and where we come from takes on a new meaning as we discover that our DNA may have been manipulated by our CREATOR some 250 000 years ago to produce a less intelligent 'primitive species'. Tellinger delivers compelling evidence that Adam and Eve were not the 'apple' of God's eye as first suggested in Genesis. Tellinger presents the many arguments and evidence succinctly and convincingly, pointing out the difference between 'GOD' and god. How did this genetic manipulation affect humankind? How have we evolved in 250 000 years? Can we achieve immortality? These are just some of the questions answered in this gripping and astonishing work, challenging all those who are looking for new answers in the 21st century.

**Anunnaki Gods No More** Sasha (Alex) Lessin, 2012-11-03 Dr. Lessin explains the Anunnaki's involvement in human history. The giant olden gods--folks with high tech & their heirs--chain us to short, hard lives. The gods rocketed here from the planet Nibiru & bred with Homo Erectus to create us as short term slaves & soldiers. We praised them & killed in their names: Allah = the Sumerian Nannar, Yahweh = Enlil, Adanai = Enki. Read this book & transcend the gods' religions. Sasha Lessin Ph.D (U.C.L.A. Anthropology Ph.D.), author of *Anunnaki: Gods No More* and producer of the hugely popular web site, [www.enkispeaks.com](http://www.enkispeaks.com), studied with the late Zecharia Sitchin, for many years. Mr. Sitchin asked Lessin to create popular internet, book and college-level courses to revise ancient anthropology. Sitchin asked Lessin to help disseminate written, graphic and traditional stories of ETs, hitherto considered mythic gods on Earth from 450,000 years ago to 300 B.C. as well as the latest findings in astronomy that relate to the planet Nibiru.

**Gift of Mind** Lawrence Delville Hood, 2018-02-23 The purpose of this book is to allow you some time to reflect on the vastness of the COSMOS. To travel within yourself quieting everything around you. To know there is only MIND and GOD. To understand that there is only ONE single sin that will affect you greatly. As it will lead you either to salvation/NIRVANA or

damnation/ SUFFERING. That sin is not to KNOW GOD. It is vital to know that only each soul themselves, by THEIR OWN efforts CAN MAKE THIS HAPPEN. Teachers, Masters and friends can help you on the path. God only, together with yourself, can bring you to salvation. Your mind in yourself is a projection of the mind of God, This God mind is light, everything else flows from that.

**Homo Angelicansis** Izak J. Botha,2007-03 Homo Angelicansis discusses a new species that has evolved beyond primates and Homo sapiens and into a spiritual realm. The historical contributions of philosophers, Christian church fathers, heretics, occultists, biologists, physicists, and archaeologists are examined and synthesized. With the help of cosmology and evolution, the author guides the reader on a startlingly original theory of where evolution has led mankind and what lies ahead.
