**Secrets of Creative Visualization** Phillip Cooper, 1999-05-01 Do you want to improve your life by having more vitality and self-confidence? The aim of this book is quite simple-to show you how practical magic and mind power techniques can interact directly with the material world! Unlike ordinary thinking, which has no effect on the inner mind, creative visualization has the power to change your beliefs. Use this guide to find simple ways to leave ordinary thinking behind. Use affirmations, words of power, and more to transform your life.

*The Magickian* Phillip Cooper, 1993 This is a practical hands-on book about the Banishing Ritual of the Pentagram. Cooper explains how to set up a temple, creating the inner temple, the clothes to wear, the colors to use, working with scents and music, timing rituals, and how to work with planetary energy based on your own personal astrology.

**The Inner Temple of Magick** Phillip Cooper, 2004-11-01 The author of *The Magickian: A Study in Effective Magick* presents his newest work, which reveals that, through introspection, readers will discover that the keys to Magick are in their possession--all they have to do is look within.

The Greene Book of Black Knowledge Will EL M. STJ Heron, 2022-05-04 What stake do we as Foundational Black Americans really have to claim in the history of this country, this continent, and the world, if any? When you think of Foundational Black Americans (formerly misnomered as African Americans/Negroes/Coloreds/Black) what thought comes to mind and what accomplishments are we known for? Were we slaves brought to this country by force, low-class citizens of a foreign nation with no home to call their own? Or is there more to the story, so much more that even the mere mention of our accolades would discredit the history of the masses? What if I were to tell you that our history in this country, from the perspective that everything we have been taught, is but a half truth? Who built the buildings, roads, and monuments in this country? Where did those people come from and where did they go? Where did the many science, technology and artforms of the country and the world develop? What is the hidden history behind what we are taught, but most importantly why is this knowledge kept from us? This book will capture some of the lesser known accomplishments and esoteric information that has been passed down "word of mouth" by some and systematically discredited by others. Fortunately, true knowledge can neither cease nor desist and this text will show what you can do to utilize that information today. It is time that we take our own history by the rungs away from those who would paint an inaccurate picture of our past. This will allow us to re-

introduce ourselves, not for exposure and clout, but for self-vindication and reasonable doubt.

**Super Mind, Super Body** Jaime T. Licauco, Cory Quirino, 2017-10-12 Ancient wisdom originally believed that the body, mind, and spirit were interconnected. Today, more than ever, modern medical experts consider this ancient wisdom as a gospel. A new era of consciousness is slowly but surely emerging. Long-time friends Jimmy Licauco and Cory Quirino combined their individual expertise into one concise book that may very well become the ultimate guide for living well and looking good.

**Basic Magick** Phillip Cooper, 1996-01-01 Using the butterfly theory, Cooper explains how you can effect small changes in the universe to eventually bring macrocosmic ones. He discusses the use of the Cosmic Sphere--an interfare between you and your subconscious mind that can create a link for communicating your wishes.
