In the Words of Theodore Roosevelt Theodore Roosevelt, 2012-10-15 We cannot do great deeds unless we are willing to do the small things that make up the sum of greatness.—on Action The American people are good-natured to the point of lax indifference; but once roused, they act with the most straightforward and practical resolution.—on America Speak softly and carry a big stick—you will go far. If a man continually blusters, if he lacks civility, a big stick will not save him from trouble; and neither will speaking softly avail, if back of the softness there does not lie strength, power.—on the Big Stick We are, as a whole, still in that low state of civilization where we do not understand that it is also vandalism wantonly to destroy or to permit the destruction of what is beautiful in nature, whether it be a cliff, a forest, or a species of mammal or bird. Here in the United States we turn our rivers and streams into sewers and dumping-grounds, we pollute the air, we destroy forests, and exterminate fishes, birds and mammals—not to speak of vulgarizing charming landscapes with hideous advertisements. But at last it looks as if our people were awakening.—on Natural Resources The public life of Theodore Roosevelt (1858-1919) was marked by his service as the twenty-sixth President of the United States, Vice President, Governor of New York State, Assistant Secretary of the Navy, U.S. Civil Service Commissioner, President of the New York City Police Commission, and New York State Assemblyman. In his life outside of government he was famous as an author, naturalist, rancher, big game hunter, and explorer. The twentieth century would become known as the American Century, and it was Theodore Roosevelt, through his foreign policy, who ushered the United States into the ranks of the world's great powers. In domestic affairs, he used his presidential powers to level the playing field between capital and labor, to protect consumers, and to establish a conservation program that was far-sighted and comprehensive, covering the nation's natural resources, its wilderness areas, its endangered species, its scenic beauty, and the cultural artifacts of its indigenous peoples. Distilled from Roosevelt's voluminous writings and speeches, *In the Words of Theodore Roosevelt* is a discerning collection of quotations by this American icon who continues to inspire and captivate an extraordinary array of twenty-first-century Americans. Carefully selected and organized by topic by Patricia O'Toole, these quotations reflect the vast range of Roosevelt's interests, the depth of his wisdom, his almost superhuman energy, and his directness. Many of the issues that Roosevelt addressed—from America's international role to the environment—remain pressing concerns today, giving his century-old words remarkable

currency. This singular collection of quotations—enhanced by O'Toole's illuminating introductory essay, notes on biographical and historical context, and bibliographies of Roosevelt's writings—is a trove for writers, teachers, students, and all who recognize Theodore Roosevelt's unique role in U.S. history.

Truthlies J. Craig, 2014-11-06 Preface Every child over the age of three knows the difference between a truth and a lie, but that line becomes blurred as we grow older and gain more experience. Wading through the murky waters of adult life soon reveals an uncomfortable fact: one man's truth may be another man's lie. How are we as individuals meant to navigate this choppy sea of life without so much as a solid truth to steer by? The answer lies in this book, *Truthlies: Life Lessons from the Person Who Knows You Best*. No one knows you better than you know yourself, and *Truthlies* helps you organize the scattered bits of wisdom you have collected from the sages in your life into a clear-cut strategic mentor framework. Step by step, the *Truthlies* framework will lead you through the process of self-reflection and self-examination to uncover your truths and your lies, to simplify your life, and to find your way to your own Promised Land. *Truthlies* details my personal spiritual journey. This is the story of how I learned about life. This year marks the twenty-fifth anniversary of the passing of my first strategic mentor, my grandfather. He and the rest of the village of my extended family that raised me filled my waking moments with invaluable wisdom that I am driven to pass along to readers. Drawing upon these teachings and the knowledge I have gained as a college graduate with a background in economics, I weave together financial concepts such as cost-benefit analysis with faith-based teachings to lead readers on their journey to more fulfilling lives....

Theodore Roosevelt's Little Book of Selected Quotes Vienna Imprints, 2022-10-28 Criticism is necessary and useful; it is often indispensable; but it can never take the place of action, or be even a poor substitute for it. The function of the mere critic is of very subordinate usefulness. It is the doer of deeds who actually counts in the battle for life, and not the man who looks on and says how the fight ought to be fought, without himself sharing the stress and the danger. Theodore Roosevelt Selected Quotes by Theodore Roosevelt now at your fingertips Perfect for casual reading, taking ideas, and inspiration Makes for a great gift choice -- With a great moral issue involved, neutrality does not serve righteousness; for to be neutral between right and wrong is to serve wrong. Theodore Roosevelt -- Happiness lies not in the mere possession of money; it lies in the joy

of achievement, in the thrill of creative effort. The joy and moral stimulation of work must no longer be forgotten in the mad chase of evanescent profits. Theodore Roosevelt -- Patriotism means to stand by the country. It does not mean to stand by the president or any other public official, save exactly to the degree in which he himself stands by the country. It is patriotic to support him insofar as he efficiently serves the country. It is unpatriotic not to oppose him to the exact extent that by inefficiency or otherwise he fails in his duty to stand by the country. In either event, it is unpatriotic not to tell the truth, whether about the president or anyone else. Theodore Roosevelt

Biohackers Magazine , First impressions seem to always get the better of us. Quick judgments about others, ourselves, and our communities never seem to cease making their presence known in our minds. Psychologically, these initial assumptions and impressions that our mind receives are tactics our mind uses as a means of survival, sometimes aligning with our intuition to help us determine what or who is going to be helpful or harmful. But we must be careful here. Our mind is equipped to handle countless sensations and thoughts, and due to this, we sometimes get so bogged down by this demanding, busy world that we take the easy way out and make a judgment based solely on superficial knowledge, without any deeper reflection or analysis. The world is fast-paced, and although our mind does well to keep up, it needs to be able to consciously recognize that our health, both individual and as human beings, is dependent on the strive to understand oneself and the other with empathy and compassion. COVID-19 has shed a new spotlight on the increasing mental health crisis that is facing our world, and I believe that one of the main causes is careless thinking that leads to quick assumptions, to save oneself the time of research and contemplation. Don't let others think for you. Yes, respect those with the authority to offer professional opinions, but don't be a follower, be a student and learn from every experience. When your health seems to suffer, don't assume the worst. When someone comes at you the wrong way, don't write them off as a heartless soul. When you have a tough interaction with someone representing another community, don't assume that everyone else is like that. Instead, look for the best in yourself, others, and the community. There is the power behind the phrase "Love thy neighbor". When we treat every person that we come across as our neighbor, we break down the prideful barriers that ABOUT DALLAS MCCLAIN Born in the USA, Dallas is a passionate reader of theological and personal development books. I think too often we, as biohackers focus more on the physical side of things, which is, of

course, important but does not truly define what it means to be human. The human person is a compositum of both mind and body. Spiritual and Corporeal substance. Here, in a single volume, are not only his best Teddyisms—hyphenated America, muckraker, the square deal, the lunatic fringe, good to the last drop, and many others—and lost words, but also the best of Roosevelt's most memorable quotations, which serve to illuminate every area of our culture: Americans; boxing; citizenship; conservation; courage; death; democracy; extremists; family values; football; government; heroism; history; hunting; leadership; liberty; patriotism; power; religion; war and peace; winning; women's rights; and much more.

Theodore Roosevelt on Bravery Theodore Roosevelt,2015-08-04 Teddy Roosevelt is the only president in history to deliver a ninety-minute speech directly after being shot in the chest. He's a Nobel Prize recipient, a Harvard graduate, and he was the youngest President in history to be inaugurated into office. Roosevelt's force took America by storm in the early twentieth century, and he is regarded as one of the finest leaders ever to take office. His wisdom even earned him a spot in Mount Rushmore, which has immortalized him along with George Washington, Thomas Jefferson, and Abraham Lincoln. As a sickly child, Roosevelt was home-schooled his entire life until enrolling at Harvard University, where he studied biology. A year after graduating, he began his political career as the New York City police commissioner, and later as a member of the New York State Assembly, where he led the reform division of the GOP. In the time since his presidency, Roosevelt's bravery has inspired generations of Americans. "A man who is good enough to shed his blood for the country is good enough to be

given a square deal afterwards.” Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

The Bully Pulpit Theodore Roosevelt, 1998 The Bully Pulpit collects all of Roosevelt's uniquely American Teddyisms in a single reference, from muckraker to the square deal to the lunatic fringe, and even good to the last drop. His quotes serve to illuminate every area of our culture including government, history, conservation, art, journalism, sportsmanship, and family values.
