

Transporte De Carga Imo

RJ Shavelson

Diccionario de logística David García, 2024-01-19 «Logística» proviene del griego «logos», y hace referencia a que la realidad puede ser calculada «lógicamente». De ahí que se defina al «logista» como el profesional «especializado en métodos de organización». Esta segunda edición, revisada y actualizada, reúne más de 3.500 entradas, con su traducción al inglés, relacionadas con la actividad logística, entendida ésta como el «proceso de planificación, gestión y control de los flujos de materiales y productos, informaciones y servicios relacionados, entre un punto de origen y otro de destino». La logística es una actividad estratégica en la economía mundial, inherente al aprovisionamiento, la producción y la distribución de los productos y servicios, e integrada en las redes de infraestructuras del transporte, la planificación territorial y urbana, y las telecomunicaciones. Este diccionario contribuye a la normalización de una terminología estandarizada de la logística «en castellano», complemento indispensable de la actividad de los profesionales, investigadores, formadores y estudiosos de esta actividad.

Ley de tránsito Varios autores, 2020-11-01 En aras de promover el conocimiento de toda persona que se interese por la normativa legal que actualmente rige nuestra vida cotidiana en materia de tránsito, es que se ha decidido publicar este compendio de normas sobre la materia, que incluye la propia Ley de Tránsito, como también la Ley que Establece Procedimiento Ante los Juzgados de Policía Local, las denominadas Ley de Tolerancia Cero y la Ley Emilia, Reglamento Sobre Transporte Público de Pasajeros, entre otras. Además, con el objeto de ilustrar a los lectores sobre algunas de las normas más comentadas de los últimos años, se incluyeron dos apartados al final de esta publicación que muestran, en términos prácticos, cuáles son los efectos de las modificaciones efectuadas a la Ley de Tránsito por las ya mencionadas Ley Tolerancia Cero y por la Ley Emilia. Por último, también se ponen en conocimiento del lector las consideraciones más sustantivas de dos fallos del Tribunal Constitucional sobre esta última norma, que se refieren a la problemática principal que existe entre la aplicación del artículo 196 ter de la Ley N° 18.290, incorporado por la Ley N° 20.770, y su colisión con las garantías constitucionales contenidas en los artículos 19, N° 2° y 3°; y 5°, inciso segundo, de la Constitución Política de la República, ya que el primer artículo mencionado impone la pena efectiva de cárcel durante, al menos, un año en ciertos delitos, lo que genera contradicciones con la igualdad ante la ley y el principio de proporcionalidad contenidos en la Carta Fundamental.

Esperamos que esta publicación sea de utilidad y facilite el conocimiento y entendimiento de esta normativa por parte de los lectores.
