

William Cooper Behold A Pale Horse

Michael Barkun

Behold a Pale Horse William Cooper, 2012-04-11 Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to talk due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been talking, he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. Bill Cooper is the world's leading expert on UFOs. -- Billy Goodman, KVEG, Las Vegas. The only man in America who has all the pieces to the puzzle that has troubled so many for so long. -- Anthony Hilder, Radio Free America William Cooper may be one of America's greatest heroes, and this story may be the biggest story in the history of the world. -- Mills Crenshaw, KTALK, Salt Lake City. Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands. -- William Cooper, October 24, 1989.

Behold! a Pale Horse Milton Cooper, 2018-05-02 William Cooper turned out to be right; and that's all we have to say about his self-published Book. Let's keep copies of this treatise for our grandchildren and their children, so the spectre of corruption and perfidy that we the late 20th century generation experienced, will never occur again in seven generations.

In thoughtful and incisive essays, the authors draw on decades of experience to examine such wide-ranging issues as how legal error should be handled, the death penalty, reasonable doubt, racism in American and South African courts, women and the constitution, and government benefits. Contributors: Richard S. Arnold, Martha Craig Daughtry, Harry T. Edwards, Ruth Bader Ginsburg, Betty B. Fletcher, A. Leon Higginbotham, Jr., Lord Irvine of Lairg, Jon O. A Culture of Conspiracy Michael Barkun, 2003 Unravelling the genealogies and permutations of conspiracist worldviews, this work shows how this web of urban legends has spread among sub-cultures on the Internet and through mass media, and how this phenomenon relates to larger changes in American culture.

Culture of Conspiracy Michael Barkun, 2003-11-07 What do UFO believers, Christian millennialists, and right-wing conspiracy theorists have in common? According to Michael Barkun in this fascinating yet disturbing book, quite a lot. It is well known that some Americans are obsessed with conspiracies. The Kennedy assassination, the Oklahoma City bombing, and the 2001 terrorist attacks have all generated elaborate stories of hidden plots. What is far less known is the extent to which conspiracist worldviews have recently become linked in strange and unpredictable ways with other fringe notions such as a belief in UFOs, Nostradamus, and the Illuminati. Unraveling the extraordinary genealogies and permutations of these increasingly widespread ideas, Barkun shows how this web of urban legends has spread among subcultures on the Internet and through mass media, how a new style of conspiracy thinking has recently arisen, and how this phenomenon relates to larger changes in American culture. This book, written by a leading expert on the subject, is the most comprehensive and

authoritative examination of contemporary American conspiracism to date. Barkun discusses a range of material—involving inner-earth caves, government black helicopters, alien abductions, secret New World Order cabals, and much more—that few realize exists in our culture. Looking closely at the manifestations of these ideas in a wide range of literature and source material from religious and political literature, to New Age and UFO publications, to popular culture phenomena such as The X-Files, and to websites, radio programs, and more, Barkun finds that America is in the throes of an unrivaled period of millennial activity. His book underscores the importance of understanding why this phenomenon is now spreading into more mainstream segments of American culture.

Global Self-Deception Alexander Baron, 1996-01-01

Fear Itself Nancy Lusignan Schultz, 1999 This collection contains twenty-seven new essays on American paranoia drawn from a range of disciplines, including American studies, film studies, history, literature, religious studies, and sociology. It's arranged by topic and largely in chronological order, explore manifestations of fear throughout the history of the United States. Approaching the topic from a variety of perspectives and methodologies, contributors to the collection explore theoretical constructions of fear, religious intolerance in early American culture, racial discrimination, literary expressions of paranoia, and Cold War anxieties, as well as phobias of the modern age and about the future. Together, these essays cover topics from nearly every period of U.S. history, offering a remarkable picture of the nameless, unreasoning, unjustified terror that Roosevelt discerned as such a paralyzing threat on the eve of the Second World War, and which continues to haunt American culture even as we shape our perceptions of the future.
