

1001 Songs You Must Hear

Daniela Niemeyer

1001 Songs You Must Hear Before You Die Robert Dimery, 2010-11-02 This latest addition to the best-selling 1001 series offers more than ever— the world's biggest and best playlist, referencing over 10,000 must-download songs. This book offers more than any previous book in the series. While each main entry profiles and illustrates 1,001 primary songs, it places that song into a contextual web of music history with references to other songs that are musically related. Thus, each entry points to alternate versions, covers, riffs, and influences effectively expanding the total number to 10,000. From the Beatles to Beyoncé, from Elvis to Elvis Costello, from Frank Sinatra to Rufus Wainwright, the full spectrum is covered chronologically and includes additional ancillary lists of must-hear songs grouped by subgenre and other special categories. Each song is analyzed by an international team of critics who explain why you must hear it. Included are key details such as lyricist, composer, producer, and label, making this a music treasure trove perfect for anyone into music, addicted to downloading, or those just getting started.

One Thousand and One Songs You Must Hear Before You Die ed. Dimery, 2010 Nearly a century of timeless songwriting and legendary performers.

1001 Songs You Must Hear Before You Die Robert Dimery ; with a preface by Robbie Buck general editor, Australian Broadcasting Corporation, ed. Dimery, 2010-01-10

1001 Songs You Must Hear Before You Die Robert Dimery, 2017-09-07 From Tin Pan Alley to the Brill Building, Bob Dylan to Kurt Cobain, and Joni Mitchell to Amy Winehouse, gifted songwriters have crafted a cherished body of music that has become part of our lives. Imagine the Fifties without the magical clamor of 'Tutti Frutti' and 'Hound Dog', the Seventies without the anthemic 'Le Freak' and 'Anarchy in the UK' or the Noughties without the leftfield pop of 'Toxic' or 'Crazy'. 1001 Songs You Must Hear Before You Die picks through nearly a century of music to bring you an inspiring selection of some of the greatest recordings ever made. Each entry in this wonderfully browsable book tells the story of a great song. Find out what inspired the songwriter, what makes the track so enduring, which songs it influenced in turn and which cover version to listen out for. You'll also pick up a wealth of fascinating trivia along the way. Fully updated for 2017, this is the ultimate playlist of the most iconic songs of the past century.

1001 Songs You Must Hear Before You Die Robert Dimery, 2016-01-01 An inspiring selection of the greatest song

recordings ever made.

1001 Songs You Must Hear Before You Die Robert Dimery, 2017-11-22 An inspiring selection of the greatest song recordings ever made. From 'Eight Miles High' to 'Empire State of Mind,' from Mississippi to Mali, and from Ella Fitzgerald to Elton John, 1001 Songs You Must Hear Before you Die is a fascinating introduction to some of the greatest music ever recorded. Updated for 2016, this acclaimed guide, written by an international team and illustrated with full-colour photographs, features nearly a century of timeless tracks. Delve into the inspirations, the influences, and the stories of the songs you love - and the ones you'll be delighted to discover.

1001 Albums You Must Hear Before You Die Robert Dimery, 2016

1001 Albums You Must Hear Before You Die Robert Dimery, 2010-03-23 The ultimate compendium of a half-century of music provides a highly readable list of the best, the most important, and the most influential pop albums from 1955 through today. Each entry comes with an authoritative description of the album's importance and influence.

Encyclopedia of Great Popular Song Recordings Steve Sullivan, 2013-10-04 From John Philip Sousa to Green Day, from Scott Joplin to Kanye West, from Stephen Foster to Coldplay, *The Encyclopedia of Great Popular Song Recordings, Volumes 1 and 2* covers the vast scope of its subject with virtually unprecedented breadth and depth. Approximately 1,000 key song recordings from 1889 to the present are explored in full, unveiling the stories behind the songs, the recordings, the performers, and the songwriters. Beginning the journey in the era of Victorian parlor balladry, brass bands, and ragtime with the advent of the record industry, readers witness the birth of the blues and the dawn of jazz in the 1910s and the emergence of country music on record and the shift from acoustic to electrical recording in the 1920s. The odyssey continues through the Swing Era of the 1930s; rhythm & blues, bluegrass, and bebop in the 1940s; the rock & roll revolution of the 1950s; modern soul, the British invasion, and the folk-rock movement of the 1960s; and finally into the modern era through the musical streams of disco, punk, grunge, hip-hop, and contemporary dance-pop. Sullivan, however, also takes critical detours by extending the coverage to genres neglected in pop music histories, from ethnic and world music, the gospel recording of both black and white artists, and lesser-known traditional folk tunes that reach back hundreds of years. This book is ideal for anyone who truly loves popular music in all of its glorious variety, and anyone wishing to learn more about the roots of virtually all the music we hear today. Popular music fans, as well as scholars of recording history and technology and students of the intersections between music and cultural history will all find this book to be informative and interesting.

Professor Lundy's Guide to Rock Music Connoisseurship Duane Emerson Lundy, 2023-10-20 This empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music, as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency, aesthetic sensitivity and aesthetic judgment in appraising music. The book should be both practical and personal for anyone who has a

music collection and loves to see it grow continuously but wisely. What makes someone an expert? The key issue tackled here is how one develops into such a connoisseur of music. Overall, the book should spark much healthy debate about rock music quality and aesthetics in general, both among scholars of aesthetics and the musically passionate general public. Many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music, such as films, visual art, or literature. Words of Praise Professor Lundy's *Guide to Rock Music Connoisseurship* is simply fantastic. It is written with elegance, eloquence, and passion. His vast knowledge of rock'n'roll will enlighten every reader, and his enthusiasm for this topic is infectious. The book is designed to be comprehensible to any reader, but also carefully cited to please the most demanding scholar. He successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music, using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst. This is a beautiful book that enriches the heart and brightens the mind. --Rhett Diessner, Professor Emeritus of Psychology, Lewis-Clark State College, author of *Understanding the Beauty Appreciation Trait: Empirical Research on Seeking Beauty in All Things* Aesthetic judgments of music are important, but poorly understood. To the everyday listener, they may seem arbitrary or otherwise inexplicable. In this book, Professor Lundy offers an unashamedly positive view on aesthetic judgments, emphasizing their rational nature and showing how various non-aesthetic biases that do exist can be minimized. The result is a joyful celebration of music, science, and connoisseurship, which is sure to spark further interest and debate on this fascinating topic. --Professor Patrik N. Juslin, Music Psychology Group, Uppsala University, Sweden

America's Songs III: Rock! Bruce Pollock, 2017-03-16 *America's Songs III: Rock!* picks up in 1953 where *America's Songs II* left off, describing the artistic and cultural impact of the rock 'n' roll era on America's songs and songwriters, recording artists and bands, music publishers and record labels, and the all-important consuming audience. The Introduction presents the background story, discussing the 1945-1952 period and focusing on the key songs from the genres of jump blues, rhythm 'n' blues, country music, bluegrass, and folk that combined to form rock 'n' roll. From there, the author selects a handful of songs from each subsequent year, up through 2015, listed chronologically and organized by decade. As with its two preceding companions, *America's Songs III* highlights the most important songs of each year with separate entries. More than 300 songs are analyzed in terms of importance—both musically and historically—and weighted by how they defined an era, an artist, a genre, or an underground movement. Written by known rock historian and former ASCAP award winner Bruce Pollock, *America's Songs III: Rock!* relays the stories behind America's musical history.
