La voz de los dramaturgos Susanne Hartwig,Klaus Pörtl,2009-02-26 Selected present-day dramatists from Spain and Latin-America speak about their theatre and its present situation. The perspective is that of the authors, not of literary or drama critics. The result is a series of surprising thoughts and analyses which do not feature in the usual specialist discussions.

Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music

Cenicienta cumple cuatro mil años Pilar García Carcedo,2022-11-25 La universal Cenicienta ha llegado a todos los países del mundo, incluso al continente africano, como se verá a lo largo de este estudio que compara cientos de versiones tradicionales de los cuentos más conocidos. No es un libro para leer de corrido, sino para saborearlo poco a poco, disfrutando de todos esos fragmentos seleccionados que nos traen el sabor local de las diferentes tradiciones, sin perder los motivos y estructuras fundamentales de los relatos estudiados. Esta exhaustiva investigación ofrece además tablas comparativas que incluyen más de veinte versiones de cada uno de dichos cuentos: Cenicienta, Caperucita, Blancanieves, La bella durmiente, La bella y la bestia, Ricitos de oro, Hansel y Gretel y Rapunzel. A estos hay que añadir otros muchos relatos menos conocidos, como Blancaflor, la hija del diablo, o adaptaciones y reciclajes contemporáneos, que Pilar García Carcedo emplea para reflexionar sobre la igualdad de género y el papel activo y valiente de las protagonistas de los textos. El libro comienza con un prólogo de Antonio Rodríguez Almodóvar, quien destaca la gran labor de la autora, que ha sido capaz de comparar cientos de versiones de los cuentos “sin morir en el intento”.
