Updated Myers' Psychology for the AP® Course David G. Myers,C. Nathan DeWall,2020-06-02 Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can

use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Hollywood or History? Scott L. Roberts, Charles J. Elfer, 2024-10-01 In response to the limitations associated with teaching through film, we sought to develop practical lesson ideas that might bridge gaps between theory and practice and assist teachers endeavoring to make effective use of film in their classrooms. One of the more interesting sources of visual media many authors in the previous volumes elected to use as the focus of their lesson plans were cartoons. These lesson plans have been some of the more popular in the series and are often easier to adapt for a variety of grade levels. In conducting research for this volume, we learned that cartoons are an often-used media sources in the classroom. They have similar strengths and weaknesses in not only the teaching of history, but other social studies disciplines as well. While in many cases their intended audience is younger children, people of all ages enjoy cartoons. This makes them useful for teaching students at all grade levels, as well as adults, as there will be immediate buy-in if used as a source of analysis for inquiry-based lessons. As with live action film, we believe cartoons can also serve as a powerful tool in the social studies classroom and if appropriately utilized can foster critical thinking and civic mindedness. The College, Career, and Civic Life (C3) framework, adopted by the National Council for the Social Studies in 2013, represents a renewed and formalized emphasis on the perennial social studies goals of deep thinking, reading and writing. The C3 is comprehensive and ambitious. Moreover, we believe that as teachers endeavor to digest and implement the platform in schools and classrooms across the country, the desire for access to structured strategies that lead to more active and rigorous investigation in the social studies classroom will grow increasingly acute. Our hope is that the present volume might play a small role in the larger Hollywood or History? project of supporting practitioners, specifically teachers of preK-12 social studies disciplines, by offering a collection of 19 classroom-ready lesson designed to foster social studies inquiry through the careful use of selected cartoons.

These Are Our Bodies, Foundation Book Leslie Choplin, Jenny Beaumont, 2016-08-01 Easily accessible, theologically progressive, mainline Christian Education resource on human sexuality. Our inherent value and worth comes from God's love for us, but our modern world is filled with sexual expression that too often leads us away from the life of Christ. As Christians seeking to live a life worthy of our calling and desiring to pass along these values to our children and youth, this book explores how we (as parents and adults) can explore issues of sexuality in the context of our faith. A sexuality education resource from a mainline/progressive denominational prospective aids the adult reader/teacher/parent in learning and using skills that enable them to embrace and affirm the wholeness of sexuality and to talk openly and honestly about the connection of sexuality and faith. This book, grounded from a theological perspective, focuses on foundational issues for addressing how

we (and why we) are called to have these conversations in a faithful community to support families. The importance of looking at one's sexuality throughout the lifespan through the lenses of decision making, faith and daily life, respect, growth and change, behavior, responsibility, values, prayer, and intentionality is to be explored, offering a grounding as well as stand-alone resource for individuals and churches to build upon.

Myers' Psychology for AP David G. Myers, 2014

Study Guide to Accompany Myers' Psychology for AP* Richard Otto Straub, David G. Myers, 2011

Myers' Psychology for AP* 2nd Edition+ Student Workbook David Tamm, 2015-05-13 2016 revised edition. Barron's, 5-Steps and the others are great resources for reviewing at the end of the year, but Tamm's Textbook Tools workbooks accompany students all year long. They are filled with assignments that follow the regular text throughout the year, all 85 modules. They can also be used as reviews. All you need is the textbook, physical or online. Teachers can copy at will, and parents can use the book as a student consumable. The rationale for having this workbook is that publishers now put so much of their extra content online, traditional classwork is left lacking. No matter if the textbook itself is written in ink or electrons, many students still find it valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, diagram every chapter, and think things through with the authors. Find TTT on FB, or click author name at the top of this page for all titles in this series.
