United Mine Workers of America

Coming to Our Senses Jon Kabat-Zinn,2005 Offers insight into how to use the five senses -- touch, hearing, sight, taste, and smell, plus awareness itself -- as a path to a healthier, saner, and more meaningful life.

Coming to Our Senses Jon Kabat-Zinn,2005 As stress continues to exact its toll on our everyday lives, so we are increasingly turning to ancient meditative methods which have been proven to reduce stress and promote healthy living. This book demonstrates how to mobilize our deep, innate resources for continual learning, growth, healing and transformation.

Coming to Our Senses Dierdra Reber,2016-02-02 Coming to Our Senses positions affect, or feeling, as our new cultural compass, ordering the parameters and possibilities of what can be known. From Facebook likes to Coca-Cola loves, from emotional intelligence in business to emotional contagion in social media, affect has displaced reason as the primary catalyst of global culture. Through examples of feeling in the books, film, music, advertising, cultural criticism, and political discourse of the United States and Latin America, Reber shows how affect encourages the public to reason on the strength of sentiment alone. Well-being, represented by happiness and health, and ill-being, embodied by unhappiness and disease, form the two poles of our social judgment, whether in affirmation or critique. We must then reenvision contemporary politics as operating at the level of the feeling body, so we can better understand the physiological and epistemological conditions affirming our cultural status quo and contestatory strategies for emancipation.
