De la distribution à la cognition Vandeloise claud,2006-04-01 Ces vingt dernières années, la linguistique cognitive, à laquelle l'auteur est étroitement associé, a mis en évidence les liens entre la cognition humaine et la constitution du langage. Cette introduction à la linguistique française tente de faire la synthèse des acquis méthodologiques de la linguistique autonome et des intuitions de la linguistique cognitive. Le livre propose une approche consensuelle des deux théories.
