The Unexpected Joy of the Ordinary Catherine Gray,2019-12-26 **FROM THE SUNDAY TIMES BESTSELLING AUTHOR** 'Life-affirming' - THE TELEGRAPH 'Wonderful' - INDEPENDENT 'She made it her mission to learn how to be default happy rather than default disgruntled' - RADIO 4 - WOMAN'S HOUR 'Take a leaf out of Gray's book and be kinder to yourself by appreciating life just as it is' - IRISH TIMES 'This book came to me in an hour of need - during lockdown when I had to focus on the positive, appreciate simple things, not lose my shit, and value each day. It was a pure joy for me and held my hand' - SADIE FROST 'Interesting and joyful. Lights a path that could help us to build resilience against society's urging to compare life milestones with peers' - LANCET PSYCHIATRY Underwhelmed by your ordinary existence? Disillusioned with your middlin' wage, average body, 'bijou' living situation and imperfect loved ones? Welcome to the club. There are billions of us. The 'default disenchanting'. But, it's not us being brats. Two deeply inconvenient psychological phenomena conspire against our satisfaction. We have negatively-biased brains, which zoom like doom-drones in on what's wrong with our day, rather than what's right. (Back in the mists of time, this negative bias saved our skins, but now it just makes us anxious). Also, something called the 'hedonic treadmill' means we eternally quest for better, faster, more, like someone stuck on a dystopian, never-ending treadmill. Thankfully, there are scientifically-proven ways in which we can train our brains to be more positive-seeking. And to take a rest from this tireless pursuit. Whew. Catherine Gray knits together illuminating science and hilarious storytelling, unveiling captivating research showing that big bucks don't mean big happiness, extraordinary experiences have a 'comedown' and budget weddings predict a lower chance of divorce. She reminds us what an average body actually is, reveals that exercising for weight loss means we do less exercise, and explores the modern tendency to not just try to keep up with the Murphys, but keep up with the Mega-Murphies (see: the social media elite). Come on in to this soulful and life-affirming read, to discover why an ordinary life may well be the most satisfying one of all.

Climate Change Coaching: The Power of Connection to Create Climate Action Charly Cox,Sarah Flynn,2022-06-16

Climate change is not just an environmental problem, it's a human one. Yet as humans, we are not changing fast enough for ourselves and our planet. Our sense of powerlessness and the belief that our actions won't make a difference is holding us back from taking action and working on the psychological dimension of change could make the difference to moving us forward. In this transformative book, climate change coaching trailblazers Charly Cox and Sarah Flynn explain why changing for our climate is so hard and why coaching offers a key to affecting behaviour. With practical, easy-to-grasp skills that shift mindsets and motivate action they show how to build connection using a coaching approach, to overcome resistance and empower people to embrace change. If people often tell you "What difference can I really make?" or "How can we possibly succeed?" then Climate Change Coaching will help you:

- Understand the psychological barriers to change, and how to address them
- Gain practical, connection-building skills to have more impact in every conversation
- Build stronger, more trusting relationships to make long-term change more likely
- Develop a new perspective on how individual change leads to systems change
- Discover how to help organisations succeed at change and what creates social change
- Learn to coach and support yourself to manage stress and avoid burnout

Whether you are changing an organisation, engaging a community, or coaching individuals, this book will change the way that you connect and how you influence. With example conversations and real-life stories from 40 practitioners from the worlds of sustainability, business, academia and coaching, it will show you how coaching skills are being used individually and organisationally to galvanise climate action. "This practical guide fills many of the gaps, with tools that can help us become better allies to each other in supporting the personal and systemic shifts needed in our time." Chris Johnstone, co-author of Active Hope and trainer at ActiveHope.Training "Climate Change Coaching is an invaluable resource for anyone working in sustainability today." Patrick Burgi, Co-Founder of South Pole

Write Yourself Out of a Corner Alice LaPlante, 2023-04-11 100 imagination-stretching writing exercises inspired by the idea of creative constraints, from the author of The Making of a Story. When you are facing down a blank page (or screen), a constraint-based prompt—for example, "you must use the words 'cloud' and 'green'" or "you must set the scene in a crowded grocery store"—can get your brain working in unexpected ways. In this creative writing guide, longtime teacher and novelist Alice LaPlante shares 100 original exercises that will simultaneously push you into a corner and give you the tools to write

yourself out of it. LaPlante explains the purpose of each exercise—to sharpen your ear for dialogue, generate surprising images, or access intense emotions—and breaks down student examples to reveal how to achieve these goals. Whether you are looking to jumpstart new ideas or find a fresh angle on a work in progress, and whether you write fiction, creative nonfiction, or poetry, *Write Yourself Out of a Corner* will strengthen your imagination and your craft.
