

Israel And The Apartheid Analogy

Gil Troy

Apartheid Israel Sean Jacobs, Jon Soske, 2015-11-24 Eleven prominent South African scholars reflect on the analogy between apartheid South Africa and contemporary Israel.

Boycotting Israel is Wrong Philip Mendes, Nick Dyrenfurth, 2015-05-01 This is the first progressive book to argue that the BDS movement (boycott, divestment and sanctions) against Israel is the wrong way to broker peace in the Israeli-Palestinian conflict; rather, it argues that peace will come only when both Israelis' and Palestinians' legitimate claims to statehood are recognised – by both sides. The BDS movement (boycott, divestment, sanctions) against Israel has gained traction and publicity worldwide for a decade. Yet here, Philip Mendes and Nick Dyrenfurth – two politically progressive commentators – argue that BDS is far too blunt an instrument to use in such a complex political situation. Instead, they critically analyse the key arguments for and against BDS, and propose a solution that supports Israel's existence and Palestinian rights to a homeland, urging mutual compromise and concessions from both sides.

Antisemitism and Anti-Zionism Rusi Jaspal, 2016-04-15 Antisemitism and anti-Zionism are complex, delineable, yet inter-related social-psychological phenomena. While antisemitism has been described as an irrational, age-old prejudice, anti-Zionism is often represented as a legitimate response to a 'rogue state'. Drawing upon media and visual sources and rich interview data from Iran, Britain and Israel, *Antisemitism and Anti-Zionism: Representation, Cognition and Everyday Talk* examines the concepts of antisemitism and anti-Zionism, tracing their evolution and inter-relations, and considering the distinct ways in which they are manifested, and responded to, by Muslim and Jewish communities in Iran, Britain and Israel. Providing insights from social psychology, sociology and history, this interdisciplinary analysis sheds light on the pivotal role of the media, social representations and identity processes in shaping antisemitism and anti-Zionism. As such, this provocative book will be of interest to social scientists working on antisemitism, race and ethnicity, political sociology and political science, media studies and Middle Eastern politics.

The Case Against Israel's Enemies Alan Dershowitz, 2008-09-29 Israel is seriously under attack from political, academic, religious, and military enemies, who are making vociferous threats against its continued existence. In this important new book, Dershowitz gives pro-Israel supporters the ammunition necessary to defend themselves.

Comparing Armed Conflicts Bruno Charbonneau, Adam Sandor, 2021-07-12 Comparing armed conflicts primes the

production of categories that, when mobilized, can alter the trajectories of the conflicts. Considering the political dynamism of spaces of conflict and intervention, and that practitioners regularly seek out academic expertise, this book discusses the possibilities and limits of comparative approaches to understanding armed conflict and intervention. Capacity-building experts, development workers, international organizations, and diplomats use their previous experiences and bring them into new contexts to understand and respond to their environment. Conflict actors can also make comparisons to buttress their political position in negotiations, consolidate their control over fighters, and as calls for transnational rebel solidarity. The use of such comparisons is an inherently political move and it has an impact on the production of scientific knowledge, on conflict dynamics themselves, and on the formulation and implementation of conflict management policy: comparison is inherently a practice of order-making. While there are important epistemological and methodological stakes associated with researchers engaging in comparison, there are also important productive effects connected to the research avenues taken. The chapters in this book were originally published in the Civil Wars.

Contemporary Left Antisemitism David Hirsh, 2017-07-28 Today's antisemitism is difficult to recognize because it does not come dressed in a Nazi uniform and it does not openly proclaim its hatred or fear of Jews. This book looks at the kind of antisemitism which is tolerated or which goes unacknowledged in apparently democratic spaces: trade unions, churches, left-wing and liberal politics, social gatherings of the chattering classes and the seminars and journals of radical intellectuals. It analyses how criticism of Israel can mushroom into antisemitism and it looks at struggles over how antisemitism is defined. It focuses on ways in which those who raise the issue of antisemitism are often accused of doing so in bad faith in an attempt to silence or smear. Hostility to Israel has become a signifier of identity, connected to opposition to imperialism, neo-liberalism and global capitalism; the 'community of the good' takes on toxic ways of imagining most living Jewish people.

Gaza Norman Finkelstein, 2018-01-09 In its comprehensive sweep, deep probing and acute critical analysis, Finkelstein's study stands alone.—Noam Chomsky No one who ventures an opinion on Gaza . . . is entitled to do so without taking into account the evidence in this book. —The Intercept The Gaza Strip is among the most densely populated places in the world. More than two-thirds of its inhabitants are refugees, and more than half are under eighteen years of age. Since 2004, Israel has launched eight devastating "operations" against Gaza's largely defenseless population. Thousands have perished, and tens of thousands have been left homeless. In the meantime, Israel has subjected Gaza to a merciless illegal blockade. What has befallen Gaza is a man-made humanitarian disaster. Based on scores of human rights reports, Norman G. Finkelstein's new book presents a meticulously researched inquest into Gaza's martyrdom. He shows that although Israel has justified its assaults in the name of self-defense, in fact these actions constituted flagrant violations of international law. But Finkelstein also documents that the guardians of international law—from Amnesty International and Human Rights Watch to the UN Human Rights Council—ultimately failed Gaza. One of his most disturbing conclusions is that, after Judge Richard

Goldstone's humiliating retraction of his UN report, human rights organizations succumbed to the Israeli juggernaut. Finkelstein's magnum opus is both a monument to Gaza's martyrs and an act of resistance against the forgetfulness of history.

Israel and South Africa Ilan Pappé, 2015-10-15 Within the already heavily polarised debate on the Israeli-Palestinian conflict, parallels between Israel and apartheid South Africa remain highly contentious. A number of prominent academic and political commentators, including former US president Jimmy Carter and UN Special Rapporteur John Dugard, have argued that Israel's treatment of its Arab-Israeli citizens and the people of the occupied territories amounts to a system of oppression no less brutal or inhumane than that of South Africa's white supremacists. Similarly, boycott and disinvestment campaigns comparable to those employed by anti-apartheid activists have attracted growing support. Yet while the 'apartheid question' has become increasingly visible in this debate, there has been little in the way of genuine scholarly analysis of the similarities (or otherwise) between the Zionist and apartheid regimes. In *Israel and South Africa*, Ilan Pappé, one of Israel's preeminent academics and a noted critic of the current government, brings together lawyers, journalists, policy makers and historians of both countries to assess the implications of the apartheid analogy for international law, activism and policy making. With contributors including the distinguished anti-apartheid activist Ronnie Kasrils, *Israel and South Africa* offers a bold and incisive perspective on one of the defining moral questions of our age.

Annual Review of Islam in South Africa, 2000

Jewish Currents, 2004

Peace-making in Divided Societies Heribert Adam, 2002 An exploration of the lessons that the unresolved Israel-Palestinian conflict can draw from South Africa's 'negotiated revolution'. Six realms are compared: economic interdependence, religious divisions, third party intervention, leadership, political culture and violence. Contrasting insights form two opposite solutions to a nationalist conflict shed light on the nature of ethnicity as well as the limits of negotiation politics.

Why I Am a Zionist Gil Troy, 2006

The Power of Inclusive Exclusion Adi Ophir, Michal Givoni, Sārī Ḥanafī, 2009-11-18 Groundbreaking essays by leading Israeli and Palestinian scholars analyze the system of Israeli power in the Occupied Palestinian Territories.

Seeking Mandela Heribert Adam, Kogila Moodley, 2005 Lessons from South Africa for the unresolved Israeli-Palestinian conflict.

Journal of Palestine Studies, 2006

Population And Social Change In Israel Calvin Goldscheider, 1992-08-13

Israel's Changing Society Calvin Goldscheider, 2002-07-09 Revised to provide the most up-to-date assessment of Israeli

society, this text uses history and current events to explain the nation's present demographic and socioeconomic position.

The Failure of the Middle East Peace Process? Guy Ben-Porat, 2008-04-10 This volume examines the gap between agreements and actual peace by focusing on the different aspects of implementation and of the causes of the success or failure of peace processes. While in the early 1990s the conflicts/peace processes in South Africa, Northern Ireland and Israel-Palestine shared commonalities, a decade later it is all but obvious that they have followed different trajectories and reached different outcomes. This edited volume offers different explanations for the successes and failures of the three processes and provides historical and comparative perspectives regarding their contemporary realities.

A Palestinian Christian Cry for Reconciliation Naim Stifan Ateek, 2008 An analysis of the conflict over land between Palestine and Israel by a Palestinian Christian Arab who is also a citizen of Israel. The background is clear... [Jerusalem] has been conquered and re-conquered more than 37 times. The latest conquest in 1967 was by the Israeli army. After the war Israel took in not only the 5 square kilometers of Arab East Jerusalem--but also 65 square kilometers of surrounding open country and villages, most of which never had any municipal link to Jerusalem. Overnight, they became part of Israel's eternal and indivisible capital. The history of Jerusalem has been written with blood. The first part of this sequel to *Justice and Only Justice* focuses on events since the Intifada of 1987, including the violence that has come from Israel's aggression and from the use of suicide bombers by Palestinians. The second part of the book draws on scripture, lifting up biblical figures such as Samson, Jonah, Daniel, and Jesus as it examines issues of the land, its meaning, and its ownership. In the final section, Ateek presents a strategy to achieve peace and justice nonviolently that will promote justice for the Palestinians and security for both Israel and Palestine.

Anthropology News, 2005

Yeah, reviewing a book **Israel And The Apartheid Analogy** could increase your close connections listings. This is just one of the solutions for you to be successful. As understood, endowment does not suggest that you have astounding points.
