M. G. Chitkara

Kashmiri Gitasara: The Issue of the Bhagavadgita with 745 Verses Gerard DC Kuiken,2019-04-03 The traditional number of verses of the Gita is defined by the teacher Sankara (788-820 CE) as being 700. However, a number of 745 verses results from the Gitamana, an inserted stanza that gives the number of verses spoken by each speaker in the Gita. The Gitamana is found mostly in Kashmirian versions of the Mahabharata, inserted directly after the Bhagavadgita, and is not found in Bengali and southern recensions. The Gitamana is placed just before the 51 verses of the Gitasara, which is the summary of the Gita. Adding the Gitasara to the Bhagavadgita extends the Bhagavadgita, and can be made to comply with the specifications given in the Gitamana. Perhaps this is the first translation into English of the Gitasara, revealing thoughts not found in the Gita and worth meditating on, even the passages that are difficult.

The Roots of the Bhagavadgita Volume II Gerard DC Kuiken,2018-01-12 The Svabhavikasutra is the original text on which the Bhagavadgita has been interpolated. The additions include reference to caste and the system of four classes, with a religious devotion to the god Krishna, and a war as background. The roots of the Bhagavadgita, the Svabhavikasutra, focuses on a deep spiritual philosophy, without a reference to a caste system, or to Arjuna or Krishna, or to a war.

The Roots of the Bhagavadgita Volume I (b) Gerard DC Kuiken,2018-08-12 This work aims for a translation close to what is found in the Sanskrit text. All translators make choices based on their background and understanding of the context of a text. Not knowing Sanskrit, a reader has to accept the translator's choices. By providing a dictionary, which includes the inflected forms occurring in the Sanskrit verses, the reader can accept the translation, change it, and/or gain a deeper understanding of the Sanskrit verse under consideration. Using the Index of Verb Forms, a student of Sanskrit can find examples of inflected forms applied in the 320 verses of the Bhagavadgita translated in this book. The Index of Meanings gives the underlying meaning of the root of a verb. In the introduction to each chapter, comments on the Svabhavikasutra and the Bhagavadgita are compared.

Study Circle Talks on The Bhagavadgita Chandan Sengupta, Study Circle Talks on The Bhagavadgita Edited by Chandan Sukumar Sengupta Some people maintain a view regarding Gita is that the entire aspects depicted in this holy book are a confusing one. Saints from olden times worked differently to show that Gita is much relevant in terms of rituals and propositions presented in it. Here also we are trying to trace out a link up in between rituals, traditions and practices that we have in nature to re-establish the age old faiths of the omnipresence of divine within us at its varying formats. When we talk about the approach with which Acharya Vinoba Bhave continued addressing people at different instances then it becomes evident that the saintly person remained concerned with the effort of making the Holy Scripture simple and context friendly. Vinoba wanted to take the core of the spiritual doctrines and started correlating with the issues and concerns of the immediate context. Talks on The Bhagavadgita delivered by him in Dhuliya Jail are incorporated in this volume to enable fellow aspirants to move through the original verses of the saintly guide. His observations related to the welfare activities and planning process is the second important part followed by the experiences gained by a wonderer who accompanied Acharya Vinoba during Bhudan Movement. This book is developed to meet the increasing demand of fellow aspirants having eagerness to understand the philosophy of Village Self Government, People's Empowerment, Spiritual Unity, Personality Development and related issues from the light of Sarvodaya and Self Sufficiency.

Intimations of the Soul of a Seeker H. D. Wagener, 2006-08 Some of the poems in Intimations of the Soul of a Seeker are narrative, some are mystical, some both. Short poetic essays are here, and portraits of people. Included are a critique of the Apostle's Creed, notes on our abandonment of Jefferson's final wording of the Declaration, and considerations of time and light relative to Augustine and Einstein. The poems invoke thoughts on bonding with Gobi camel herders, a visit to the prenatal state, acceptance, connections between colored glass and worn-out lives, the mysteries of darkness and light in human experience, and a rule of life (an American antithesis) that reflects Gandhi, the Bhagavad Gita and an integration of the Gita with the Sermon on the Mount. Much else is here. See for yourself. In his poetry, H. D. sometimes attempts to approach or walk the limn between That which is real and that which is impermanent, or unreal. He recognizes that the limn cannot be crossed by the intellect. Even if H. D. could transcend the limn, he would be unable to express it. By approaching or attempting to walk the limn, H. D. hopes to entice others to join him in the quest to realize the truth of That Which Is.
