

Origin Of David Star

Mrs. Humphry Ward

The History of the Shield of David Gerbern S. Oegema, 1996 A study of the evolution of the six-pointed star (in Hebrew, Magen David - the Shield of David) as a Jewish symbol, from the Middle Ages to the present. For antisemitism, see pp. 68-72, Jewish Hat and Jewish Badge as Distinctive Marks, and pp. 120-125, The Shield of David as an Antisemitic Symbol.

The Star of David Robert A. Norman, 2016-12-19 Today the Star of David is the universally recognized Jewish symbol, but was that always the case? In this fascinating work that includes dozens of full color photographs, Dr. Norman explores the use of the hexagram through its use in Judaism, Christianity, and Islam, as well as in Buddhism and Eastern philosophies. What was it about the hexagram that made it so attractive in multiple faith traditions? He explains that the earliest documented use of the hexagram is in Capernaum in the sixth century, and was displayed prominently in Prague in the thirteenth century, but it did not become the defining symbol of Judaism until the 1930s, when Nazis forced the Jews to wear a yellow hexagram to indicate their Jewishness. The Star took on new meaning at that point, and then when it was adorned on the flag of the State of Israel in 1948, it took its place as one of the great religious symbols.

Sacred Origins of Profound Things Charles Panati, 1996-12-01 In this enlightening and entertaining work, Charles Panati explores the origins of hundreds of religious rituals, customs, and practices in many faiths, the reasons for religious holidays and sacred symbols, and the meanings of vestments, sacraments, devotions, and prayers. Its many revelations include: * Why the Star of David became the Jewish counterpart of the Christian cross * What mortal remains of the Buddha are venerated today * How the diamond engagement ring became a standard * That the first pope was a happily married man * How Hindu thinkers arrived at their concept of reincarnation * Why Jews don't eat pork, why some Muslims don't eat certain vegetables, and how some Christians came to observe meatless Fridays *Sacred Origins of Profound Things* is an indispensable resource for all those interested in the history of religion and the history of ideas--and an inspiring guide to those seeking to understand their faith.

HIEROGLYPHS OF THE PHAISTOS DISC: history and full text translation. Vitaly Surnin, 2013-12-28 This book is the preliminary part of a great work titled «THE BOOK OF THE EGYPTIAN: The beginning of the basic Egyptology or a key to the understanding of history, philosophy and world religion». Usually, the introduction is made in the form of a brief preface or foreword, but I got a whole book as the first step in a multi-volume publication of the study. The purpose of this specific

introduction as the beginning of serious research – is right at the level of the opening to inspire a reader, showing him in a clear visual and comprehensible form, the whole true mechanism of the hieroglyphic writing. To achieve this, I will completely dispel the myth created by the modern science that hieroglyphs do not convey any meaning (of words, the whole idea), but only individual sounds (letters), or their combination (syllables). This scientific myth will be finally deprived of the status of scientific knowledge, and the translation of the Phaistos disc, on the contrary, will be clearly shown, what is called «broken apart», and will be read in the ancient hieroglyphic language united by the principle of construction – in the language of the ancient Egyptians. I can say that it will not be two simultaneously existing systems of hieroglyphs translation, as well as two Egyptologies, one will be false, and the other – true! To prove the validity of the system of translation I wanted to give you immediately not only a complete translation of the text of the Phaistos disc, where the number of occurrences of each hieroglyph is not big (1 to 19 times), but the translation of the whole ancient Egyptian writing, because the number of times it is used in there is thousands, if not even millions. And each such use of each hieroglyph is translating in the same way, so it creates the full reading of the hieroglyphic texts – writing, which will be easily read by everyone with the dictionary of hieroglyphs in the future. The main reason why I wanted to do it – is because, at first, I read the ancient Egyptian texts and only then, by chance, came across with the hieroglyphs of the Phaistos disc. But then, I decided to set a different aim – to teach the reader to think, and not just to read hieroglyphs. Since we have no ancient Egyptian temple, and you're not its novice, the method of achieving the aims will be different than in the antiquity. First of all, I would suggest not a translation of ancient Egyptian hieroglyphs, but a complete translation of the Phaistos disc, and at the same time to give them a sort of test of common sense to modern science in the face of particular academies and universities of the world. Let them answer me the question, not knowing the translations of ancient Egyptian texts, – whether they think this translation of the Phaistos disc is correct? So when I completely publish «The Book of Egyptian», it will become clear who they are and where do they lead all of you. As they always test the students, it's a time to test them as well. Will they pass the test, I do not know, but any way, you, my reader, will get to know about it, (in the main manuscript) and will be able to draw your own conclusions about their intellectual level. Therefore, I recommend you to take this message of the book, at least with the attention, because not every day the science gets a ready revelation, designed in the form of scientific study. And here the attention and common sense will help the reader to re-look the original, pure, uncomplicated meaning of the Hieroglyphs, which through the veil of delusion will finally begin to appear in their true, original and vibrant colors – and finally, get from the nether world – into the realm of the living!

Living Emblems John D. Garr, 2007-01-22 Biblical symbols were designed by God and by his people Israel to emphasize divine truths and to call believers to remembrance of responsibilities to worship and honor their Creator. Unfortunately, most Christians have been robbed of this insight by the historical church's separation from the Jewish people. Restoring Christianity's Hebraic foundations is essential for equipping believers with enriched understanding of the roots of their faith. Recognizing the historical and spiritual truths represented by the symbols of the Hebrew Scriptures is a profound means of underscoring the truth of Christianity's Jewish connection. *Living Emblems: Ancient Symbols of Faith* presents these vivid images of a rich biblically Hebraic tradition: The Shofar: A Trumpet in Zion; The Menorah: God's Lamp, Man's Light; The Mezuzah: A Sign at the Door; The Kiddush Cup: The Cup of Blessing. You'll be enriched as *Living Emblems* deeps your understanding of Jesus by revealing profound truths about his life and ministry through the powerful images reflected in the ancient symbols of biblical faith.
