

Robert Temple The Sirius Mystery

Robert Temple

The Sirius Mystery Robert K. G. Temple, 1976

Netherworld Robert Temple, 2003 The extraordinary discovery of the Underworld of the ancient Greeks. We tend to think of ancient stories of visits to the Underworld by Odysseus, Orpheus and Aeneas as being poetic fictions, but Robert Temple shows here that in fact, the Ancients believed the Underworld to be a place that actually existed. It was maintained by a college of priests who would prepare, through ritual fasting, prayer, animal sacrifice, bathing and solitude, whoever wished to meet the shades of the dead. The candidate would then be led through the entrance to the Underworld, a dark, terrifying place, far underground, where after a series of ordeals and apparitions, they would finally meet with the ghosts of the dead. All these features recur in the ancient stories. Recently Robert Temple heard that a 1962 archaeological expedition had actually discovered the entrance in Italy. This is the amazing story of what he found when he was finally allowed to make his own descent into the Underworld - the River Styx, false doors, a snake pit and carved invocations to the Goddess of the Underworld, all revealed for the first time since ancient times.

The Canopus Revelation Philip Coppens, 2004 Links the star Canopus in the constellation Orion with the god Osiris, the Grail legend, and alchemy. Proposes that Canopus enabled men to communicate with gods and enter other dimensions, and shows how this connection is part of both Egyptian mythology and modern physics and describes the structure of the universe.

The Cult of Alien Gods Jason Colavito, 2010-03-05 Fans of fantasy/horror writer H.P. Lovecraft must add The Cult of Alien Gods: H.P. Lovecraft and Extraterrestrial Pop Culture to their reading lists.- California Bookwatch Combining literary theory, cultural criticism and muckraking, Colavito aims to debunk alternative history...He does a fair job of presenting his case, using a great deal of textual analysis, but believers will dismiss it as yet another attempt to suppress the truth, while those who haven't been immersed in the literature are likely to be bewildered or indifferent...the writing is engaging and the topic intriguing...- Publishers Weekly Nearly half of all Americans believe in the existence of extraterrestrials, and many are also convinced that aliens have visited earth at some point in history. Included among such popular beliefs is the notion that so-called ancient astronauts (visitors from outer space) were responsible for historical wonders like the pyramids. In The Cult of Alien Gods, author Jason Colavito reveals for the first time that the entire genre of ancient astronaut books is based upon

fictional horror stories, whose author once wrote that he never wished to mislead anyone. In this entertaining and informative book, Colavito traces the origins of the belief in ancient extraterrestrial visitors to the work of horror writer H. P. Lovecraft (1890-1937). This amazing tale takes the reader through fifty years of pop culture and pseudoscience highlighting such influential figures and developments as Erich von Däniken (Chariots of the Gods), Graham Hancock (Fingerprints of the Gods), Zecharia Sitchin (Twelfth Planet), and the Raelian Revolution. The astounding and improbable connections among these various characters are revealed, along with the disturbing consequences of Lovecraft's little joke for modern science and public knowledge. Beyond documenting Lovecraft's influence on ancient astronaut theories and Raelian cloning efforts, Colavito also argues that the appeal of such modern myths is a troubling sign in an age when science is having its greatest success. He suggests that at the dawn of the 21st century Western society is witnessing a deep-seated erosion of Enlightenment values that are the basis of the modern world. Jason Colavito is a freelance writer and editor who has written for Skeptic magazine, among other publications.

Beyond 2012: Catastrophe or Awakening? Geoff Stray, 2009-05-21 An illustrated, encyclopedic overview of the prophecies, calendars, and theories that indicate the year 2012 is a threshold of great change for humanity • Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 • Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar's Great Cycle will come to an end. Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed. What is certain, however, is that a rare galactic alignment will occur, one so unique that it is found at the core of many wisdom traditions from around the globe. Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982. Far from confining his research to the Maya, who provide the most prominent predictions indicating this date will herald significant changes for humanity, he has studied the prophetic traditions of other cultures--including the Tibetan, Chinese, Jewish, Ethiopian, and tribal cultures from around the globe--to show the kind of convergence of cosmic purposes happening along a number of parallel tracks. This book offers an extensive study of many modern theories, including Terence McKenna's timewave zero and Maurice Cotterell's sunspot research as well as anomalous phenomena such as near death experiences and crop circles. Sifting through all the scientific research and speculation that the year 2012 has inspired, Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date.

Sirius Mystery Robert Temple, 1998-01-01

Beyond the Rainbow Judy Kennedy, 2004-07 A definitive spiritual handbook and political manifesto for the new millennium. A magical, practical journey into multidimensional reality; deeply revealing, refreshing, and transforming for all seekers on the Path.

Eden in Sumer on the Niger Catherine Obianuju Acholonu,2014-01-06 EDEN IN SUMER ON THE NIGER provides archeological, linguistic, genetic, and inscribed evidence of the West African origin of mankind, language, religion and civilization. It provides multidisciplinary evidence of the actual geographical location in West Africa of the Garden of Eden, Atlantis and the original homeland of the Sumerian people before their migration to the Middle East. By translating hitherto unknown pre-cuneiform inscriptions of the Sumerians, Catherine Acholonu and Sidney Davis have uncovered thousands of years of Africa's lost pre-history and evidences of the West African origins of the earliest Pharaohs and Kings of Egypt and Sumer such as Menes and Sargon the Great. This book provides answers to all lingering questions about the African Cavemen (Igbos/Esh/Adamas/Adites) original guardians of the human races, Who gave their genes for the creation of Homo Sapiens (Adam) and were the teachers in the First Age of the world.

Star Shrines and Earthworks of the Desert Southwest Gary David,2012-10-22 Over a period of centuries the Ancient Ones of the American Southwest constructed a pattern of sandstone villages that precisely matches key constellations in the sky. This book plunges you into the mysteries of these unified star correlations. Other fascinating topics include: Orion's global stargate shrines, Arizona earth chakras, crypto-creatures and star ancestors; the lost empire of Aztlán; evidence of transoceanic migrations to the Southwest in early epochs; the purpose of massive pyramids and canals made by those who once lived on the site of modern-day Phoenix; the subterranean origin of the Anasazi; the cave conundrum of Grand Canyon; the Hopi Mystery Egg; and prophecies of the Fifth World. Chapters include: Stellar Arizona; OZ (Orion Zone) Rising; Arizona Earth Chakras; Grand Canyon Cave Enigma and the Hopi Underworld; Pyramids and Canals of the Phoenix Basin Hohokam; The Hopi Mystery Egg and Prophecies of the Fifth World; All Roads Lead to... Chaco; Pole Star to the Underworld-Anasazi Ruins of Northwestern New Mexico; Mimbres-A Pre-Columbian Counter Culture In Southwestern New Mexico; Mummies, a Meteorite, and the Macaw Constellation-Casas Grandes, Mexico; The Lost Empire of Aztlán; The ABC of Orion: Ants, Bulls, and Copper; Crab Nebula Notes-Shifting To the Age of Taurus, 4,000 BC; Epic Seas Voyages of the Desert People; Genetic Evidence For Pre-Columbian Travel To the American Southwest; Global Orion Shrines-A Celestial Plan; more.

Science and the Paranormal George Ogden Abell,Barry Singer,1983

The Publishers Weekly ,1897

Paranormal Borderlands of Science Kendrick Frazier,1981-06 No Marketing Blurb

The Complete Book of Extraterrestrial Encounters Randall Fitzgerald,1979

Pseudoscience and the Paranormal Terence Hines,2003 Television, the movies, and computer games fill the minds of their viewers with a daily staple of fantasy, from tales of UFO landings, haunted houses, and communication with the dead to claims of miraculous cures by gifted healers or breakthrough treatments by means of fringe medicine. The paranormal is so ubiquitous in one form of entertainment or another that many people easily lose sight of the distinction between the real and

the imaginary, or they never learn to make the distinction in the first place. In this thorough review of pseudoscience and the paranormal in contemporary life, psychologist Terence Hines teaches readers how to carefully evaluate all such claims in terms of scientific evidence. Hines devotes separate chapters to psychics; life after death; parapsychology; astrology; UFOs; ancient astronauts, cosmic collisions, and the Bermuda Triangle; faith healing; and more. New to this second edition are extended sections on psychoanalysis and pseudopsychologies, especially recovered memory therapy, satanic ritual abuse, facilitated communication, and other questionable psychotherapies. There are also new chapters on alternative medicine, which is now marketed in our drug stores, and on environmental pseudoscience, with special emphasis on the evidence that certain technologies like cell phones or environmental agents like asbestos cause cancer. Finally, Hines discusses the psychological causes for belief in the paranormal despite overwhelming evidence to the contrary. This valuable, highly interesting, and completely accessible analysis critiques the whole range of current paranormal claims.

The Social Entrepreneurship of Change Leonard J. Duhl, 1995-06-28

Kaapse bibliotekaris, 2012 Issues for Nov. 1957- include section: Accessions. Aanwinste, Sept. 1957-
UFOs Cynthia Hind, 1982

The Night Sky Richard Grossinger, 1981 A comprehensive discussion of the search for meaning among the stars explores Western astronomical thought, cultural diversity, and such diverse realms as mythology, astrology, physics, philosophy, linguistics, astronomy, and the human imagination.

Everything is Somewhere Angus W. Stocking, 2005 Everything is Somewhere collects 16 nonfiction essays of Angus W. Stocking. Most of these have appeared in Professional Surveyor or The American Surveyor, but a few appeared elsewhere or are previously unpublished. All have been revised and expanded from their original form, and each essay is preceded by new introductory material. The essays are illustrated. This book is intended primarily for land surveyors and those in related industries, but can be enjoyed by anyone with a technical turn of mind who appreciates offbeat perspectives.
