**The Book of the City of Ladies** Christine Pizan, 1999-06-09 Christine de Pizan (c.1364-1430) was France's first professional woman of letters. Her pioneering Book of the City of Ladies begins when, feeling frustrated and miserable after reading a male writer's tirade against women, Christine has a dreamlike vision where three virtues - Reason, Rectitude and Justice - appear to correct this view. They instruct her to build an allegorical city in which womankind can be defended against slander, its walls and towers constructed from examples of female achievement both from her own day and the past: ranging from warriors, inventors and scholars to prophetesses, artists and saints. Christine de Pizan's spirited defence of her sex was unique for its direct confrontation of the misogyny of her day, and offers a telling insight into the position of women in medieval culture. THE CITY OF LADIES provides positive images of women, ranging from warriors and inventors, scholars to prophetesses, and artists to saints. The book also offers a fascinating insight into the debates and controversies about the position of women in medieval culture.

**The Treasure of the City of Ladies** Christine de Pizan, 2003-10-30 Written by Europe's first professional woman writer, The Treasure of the City of Ladies offers advice and guidance to women of all ages and from all levels of medieval society, from royal courtiers to prostitutes. It paints an intricate picture of daily life in the courts and streets of fifteenth-century France and gives a fascinating glimpse into the practical considerations of running a household, dressing appropriately and maintaining a reputation in all circumstances. Christine de Pizan's book provides a valuable counterbalance to male accounts of life in the middle ages and demonstrates, often with dry humour, how a woman's position in society could be made less precarious by following the correct etiquette.

**The Book of the City of Ladies and Other Writings** Christine De Pizan, 2018-09-15 Fresh, accurate, and engaging, this new translation of the Book of the City of Ladies helps us to understand what made Christine de Pizan so popular with her fifteenth-century contemporaries. The editors provide a rich historical and philosophical context that will be very useful to both students and scholars of the history of political ideas. The translations themselves gracefully navigate the fine line between accuracy and readability with considerable charm. Rounding out this portrait of the turmoil of fifteenth-century France, the volume is enriched by excerpts from other works, Christine's Vision, the Book of the Body Politic, and the Lamentation on France's Ills. —Kate Forhan, Emeritus, Siena College CONTENTS: Introduction A Note on Translating the

The Lost Tapestries of the City of Ladies Susan G. Bell, 2004-11-29 Susan Bell recounts her thirty-year search for tapestries based on Christine de Pizan's City of Ladies (1405) that were listed as possessions of 16th C. European rulers, mostly women.

The City of Ladies Christine de Pizan, 2006-05-30 A fascinating insight into the debates and controversies about the position of women in medieval culture, written by France's first professional woman of letters. The pioneering Book of the City of Ladies begins when, feeling frustrated and miserable after reading a male writer's tirade against women, Christine de Pizan has a dreamlike vision where three virtues—Reason, Rectitude, and Justice—appear to correct this view. **The Allegory of Female Authority** Maureen Quilligan, 2018-08-06 The first professional female writer, Christine de Pizan (1363-1431) was widowed at age twenty-five and supported herself and her family by enlisting powerful patrons for her poetry. Her *Livre de la Cité des Dames* (1405) is the earliest European work on women's history by a woman. An allegorical poem that revises masculine traditions, it asserts and defends the authority of women in general and of its author in particular. In this generously illustrated book, Maureen Quilligan provides a persuasive and penetrating interpretation of the *Cité*.

The Lost Tapestries of the City of Ladies Susan Groag Bell, 2004-11-29 Like a particularly good detective story, this richly textured book follows tantalizing clues in its hunt for a group of missing artistic masterpieces. Susan Bell recounts both her long search for a series of sixteenth-century tapestries that celebrated women and her efforts to understand their meaning for Queen Elizabeth I of England and the other powerful women who owned them. Opening a new window on the lives of noblewomen in the Renaissance, the brilliantly colored tapestries that were the ultimate artistic luxury of the day, and the popular and influential fourteenth-century writer Christine de Pizan, Bell pursues a compelling tale that moves from centuries past to today. The tapestries around which this story revolves are linked to Christine de Pizan's Book of the City of Ladies (1405), originally published six hundred years ago in 1405. The book is a tribute to women that honors two hundred female warriors, scientists, queens, philosophers, and builders of cities. Though twenty-five manuscripts of the City of Ladies still exist, references to tapestries based on the book are elusive. Bell takes us along as she tracks down records of six sets of

tapestries whose owners included Elizabeth I of England; Margaret of Austria; and Anne of Brittany, Queen of France. Bell examines the intriguing details of these women's lives—their arranged marriages, their power, their affairs of state—asking what interest they had in owning these particular tapestries. Could the tapestries have represented their thinking? As she reveals the historical, linguistic, and cultural aspects of this unique story, Bell also gives a fascinating account of medieval and early-Renaissance tapestry production and of Christine de Pizan's remarkable life and legacy.

*Sex and the City of Ladies: Rewriting History with Cleopatra, Lucrezia Borgia and Catherine the Great* Lisa Hilton,2020-09-03 The bestselling author and historian Lisa Hilton picks up the mythical 'City of Ladies' where the medieval writer Christine de Pisan left off, continuing a conversation about gender and greatness that began more than six hundred years ago. In 1450 Christine de Pisan took up the pen to defend her maligned sex. Her book, *The City of Ladies*, was built around preserving women's reputations from the slights and misunderstandings of history. In it the author is visited by three spirits - Justice, Rectitude and Reason - who guide her in sifting through countless lives, in search of worthy citizens. Nearly 600 years later, the historian and novelist Lisa Hilton picks up the book and promptly falls asleep, only to be visited by three great women from history: Cleopatra, Lucrezia Borgia and Catherine the Great. And they aren't happy. Having found themselves barred from the original 'City of Ladies', they want to know why. And isn't it time, they ask, for a new author to take up the pen? What follows is a reassessment of the past, in which deeds and reputations, rumours and reality are held up to the light, and history is wrested back from the distortions of misogyny.

**Christine de Pizan's Use of Irony in The City of Ladies** Sylvia L. Johnson,2003 This thesis is a critical examination of *The City of Ladies*. It is divided into three chapters: a short, historical background of fifteenth-century France; a contrast between the lives of Giovanni Boccaccio and Christine de Pizan with an explanation of de Pizan's irony and her agenda for it; and a close reading of the text. The first chapter creates a context for the hypothesis that literary misogyny gained a new audience with the growing middle class. The second chapter is intended to construct possible ideologies of Boccaccio and de Pizan and ends with an explanation of de Pizan's use of irony. The theory concerning literary misogyny is applied to a close reading of the text in the third chapter of the thesis, that concludes with the claim that the intended recipients for the lesson of de Pizan's irony are all women who are and will be reading from different ideologies and perhaps more naively than the aristocracy of the earlier fifteenth century.
