Energy is plentiful in the world and in space, you cannot destroy it. You were born full of energy. Then our thoughts due to our circumstances and happening can cause blockages, negative thinking patterns, and other illnesses. In the beginning, it was known as hands-on-healing, a universal life force. Nothing on earth nor in space completely stops. It rests but still keeps moving. Everything vibrates. Everything, in some subtle way, moves. Every living thing pulses with the flow of life force that pervades the universe. Life is movement. When this movement is disturbed, there is dis-ease. An excessive, deficient, or obstructed energy flow creates illness or abnormal function. In turn, a balanced energy flow promotes good health. Our body stores patterns of, physical tension,, stress, and trauma. Additionally, the tissue stores unresolved emotions, thoughts, beliefs, consciousness, fears, and phobias. Reiki Healing Symbols Megan Nora,2014-12-11 Reiki symbols are non invasive and majorly focus on rebalancing the power within the entire body. Reiki parlance agrees that a shortfall or imbalance of such power can cause various illnesses and injuries. Body rebalance is achieved through re-synchronization of the natural energy within the body. Body energy is attuned to become the way it is meant to be while in equilibrium. Reiki symbols are passed from one Reiki Master to another. The secrecy within the symbols is drawn from Western tradition. No wonder it is common to see Reiki symbols displayed openly within public places in Japan. Several schools of thoughts have been crafted concerning the working of Reiki symbols. Some think that one must undergo training within the right framework in order to use a Reiki symbol and draw maximum benefits. Apart from training, one must also use the symbol correctly each time for it to work effectively.
