**Gopesh Kumar Ojha**

*Cheiro's Book of Numbers* Cheiro,1927

**Cheiro's Book of Numbers** Cheiro,1986

Cheiro's Book of Numbers ,

**Book Of The Zodiac: You And Your Star** Cheiro,2005-03 The book sets out not only the basic meaning of each month as handed down to mankind by the observations of astrologers from far distant ages to the present day, but also the meaning ascribed to each day of the year from the influence of planets according to the Chaldean Numerology, verified by the author's own long experience together with the climacteric years in each person's life, as set out in the book. This is the first time that such combinations have ever been given to the world in an attempt to make what may be called Zodiac Astrology of assistance to the masses, who have not the time or the inclination to go into mathematical calculations that would be necessary in working out any other astrological system.

**Cheiro's Book of Numbers** Louis Hamon,1927

Cheiro's Numerology Cheiro,2008

**Book Of Fate And Fortune: Numerology And Astrology** Cheiro,2005-03 The magic of numbers has fascinated man ever since he unraveled its deeper meaning and significance in fortune telling. The Science of Numerology explains the occult significance of numbers and their influence and relation to human life, and showing how to determine one's name and place of living and propitious times for important transactions and decisions. The system of numerology as explained by Cheiro is easy to follow and needs no intricate mathematical calculations. This complete, unabridged, authorized edition will make you your own numerologist and help you win popularity and save you from falling in the hands of charlatans, vagrants and unscrupulous fortune-tellers.

**The Experiment at Philadelphia** Kurt B. Bakley,2016-08-29 The Experiment at Philadelphia Did Einstein discover God? If God created all things, then who Created God? What Was and Happened Before the Big-Bang. The Philadelphia Experiment was Einsteins experiment in which he had not only discovered, in 1943, the way to make things invisible and transport them at great speeds but also positively proven scientifically, physically, and spiritually that the Almighty God exists! He had

literally discovered God! That question, is there a god? That's been going through people's minds for so long, was discussed on the street corner, talked about on the porch on a hot summer's night, and is now a proven fact. Yes, there is a god! Did Einstein in the Philadelphia Experiment make contact with UFO beings, who gave him advance knowledge of all things, which Einstein later destroyed, fearing what the world would do with that knowledge? Are the first fourteen chapters of this book about the advance knowledge Einstein received? Does it reveal the deepest, darkest secrets of God and Satan and how the universe works? Does it answer these questions? Many have asked since the beginning of the world: Which is known as the mystery of God? Why am I here? What's the true meaning of life? How was everything created? Who are God and the devil? If God created all, who created God? If he is the first in creation, where and how did he come into existence? Why does God allow evil in the world? Why do good things happen to bad people and bad things to good people? Why if we all came from Adam and Eve, who were Jewish, were there Gentiles? Are Gentiles children of devils? Is that why the Jews are God's chosen race? Why in the Garden of Eden was the knowledge of good on the tree forbidden? How old is the earth? Why is God known as the Trinity? Why have religions, down through the ages, done such evil? What, when, and how did the big bang start? What happened to Satan? Who is he really, and what did he do in the past? What are his beliefs and ways? What is he and God literally made of? What is the meaning of the great pyramids and the sphinx? Is there scientific proof that God exists? Read this whole book for the answers to all these tough questions, and be sure to read the introduction first before reading the rest of this book. It will help you better understand this whole book.

Elvis Presley: My Second Chance Bruce Portmann, 1900 This innovative concept is fiction, incorporating a bit of history and romance into a story that stretches the bounds of reality. Instead of a fatal heart attack that day, Elvis is felled by a stroke. He survives this life altering event, which becomes the catalyst for physical, mental and spiritual changes. But there are highs and lows along the way. See how it might have unfolded as Elvis finds himself, love and an expanded career.
