Escuela cubana de boxeo: Aspectos medulares de la preparación técnico-táctica Carlos Manuel Miranda La O, Maykel Balmaseda Alburquerque, 2013-07-08 El boxeo es un deporte de combate caracterizado por el enfrentamiento en la superación recíproca de dos competidores. En esta disciplina deportiva la victoria se alcanza mediante la aplicación de un conjunto de acciones técnico-tácticas determinadas por una precisa reglamentación oficial. El objetivo final del boxeo es golpear al adversario de forma efectiva, procurando mantener una condición defensiva que garantice no ser golpeado.

Escuela cubana de boxeo: su enseñanza y preparación técnica Maykel Balmaseda Alburquerque, 2015 Referencia histórica del boxeo. Enseñanza técnica del boxeo en Cuba. Metodología de la enseñanza. Posición de guardia. Desplazamientos. Giros. Golpes fundamentales del boxeo. Defensas fundamentales del boxeo: con el tronco, con las extremidades superiores, con las extremidades inferiores. Preparación técnica del boxeo. Contenido por edades: 11-12, 13-14, 15-16, 17-18. Las manoplas, el principal medio auxiliar en la preparación técnica. Evaluación del contenido en la preparación técnica.

Escuela cubana de boxeo: análisis de las acciones técnico-tácticas (SOBOX) Maykel Balmaseda Alburquerque, 2015-11-19 La obra Escuela Cubana de Boxeo / Análisis de las acciones técnico-tácticas (SOBOX) nos acerca a una herramienta observacional elaborada para el análisis y descripción de las acciones técnico-tácticas del boxeo. La cual nos permitirá establecer las relaciones existentes entre los diferentes elementos del campo táctico de este deporte, el flujo de las conductas estratégicas, el uso del espacio, los contextos de interacción, así como las tendencias de las diferentes secuencias de acción que ocurren durante un combate o evento boxístico. Dada la importante variedad de posibilidades y combinaciones de acción en el boxeo, son muchas y muy variadas las conductas estratégicas que a priori puede presentar un competidor en este deporte y, por tanto, los diagnósticos emitidos por los técnicos (desde su percepción) tienden a ser muy subjetivos, irregulares y, por consiguiente, relativamente imprecisos. Por ello y, apoyados en la Metodología Observacional (MO), abordamos esta obra con la intención de cambiar esta realidad y establecer una herramienta observacional que permita analizar y describir las acciones técnico-tácticas del boxeo de rendimiento por medio de la utilización de parámetros científicos marcados por la MO. En definitiva la obra expone los aspectos medulares para la mejor comprensión del Sistema

Observacional para el boxeo (SOBOX), que se ofrece como la solución al registro, análisis y predicción de los patrones de conducta del conjunto de acciones técnico-tácticas en este deporte. Los contenidos que se desarrollan en la presente obra han sido resultados de la segunda investigación de carácter doctoral realizada por el autor, la cual representa la primera herramienta observacional, bajo estas premisas científicas, creada para el boxeo a nivel mundial.

Las mascotas del entrenador de boxeo Maykel Balmaseda Alburquerque, Raúl Fernández Liranza, 2011-10-13 Una realidad objetiva lo constituye el hecho de que en la actualidad es muy escasa, y en otros casos inexistente la bibliografía que trate temas específicos y a profundidad relacionados con el Boxeo. A partir de esta realidad y sobre la base de los conocimientos tanto empíricos, como teóricos acumulados por la ESCUELA CUBANA DE BOXEO a lo largo de medio siglo, pretendemos continuar desarrollando detalladamente temáticas variadas de este Deporte. En esta ocasión ponemos a su disposición la obra ESCUELA CUBANA DE BOXEO / Las mascotas del entrenador de Boxeo, en la cual se aborda entre otros tópicos relacionados, el uso y manejo de las mascotas del entrenador de Boxeo en los diferentes períodos de preparación deportiva, en el calentamiento previo a los combates, así como particularidades y orientaciones del contenido de la preparación técnico-táctica con las mascotas, en conjunto con una ampliada praxis referencial para el perfeccionamiento postural en el empleo de este importante medio auxiliar. Consideramos que desde el punto de vista teórico y práctico, el análisis del trabajo que realiza el entrenador con las MASCOTAS, además de situar en un lugar relevante a este inestimable medio auxiliar de la preparación técnico-táctica de los boxeadores, satisface en parte la carencia de literatura relacionada con este particular.

Boxing Kasia Boddy, 2013-06-01 Throughout history, potters, sculptors, painters, poets, novelists, cartoonists, song-writers, photographers, and filmmakers have recorded and tried to make sense of boxing. From Daniel Mendoza to Mike Tyson, boxers have embodied and enacted our anxieties about race, ethnicity, gender, and sexuality. In her encyclopedic investigation of the shifting social, political, and cultural resonances of this most visceral of sports, Kasia Boddy throws new light on an elemental struggle for dominance whose weapons are nothing more than fists. Looking afresh at everything from neoclassical sculpture to hip-hop lyrics, Boddy explores the ways in which the history of boxing has intersected with the history of mass media. Boddy pulls no punches, looking to the work of such diverse figures as Henry Fielding and Spike Lee, Charlie Chaplin and Philip Roth, James Joyce and Mae West, Bertolt Brecht and Charles Dickens in an all-encompassing study that tells us just how and why boxing has mattered so much to so many.

Evolución de la teoría del entrenamiento y de los modelos de periodización en el deporte desde su origen a la actualidad Juan Manuel García Manso, Antonio Sánchez Pato, Juan Alfonso García Roca, 2024-07-03 El objetivo de este trabajo será describir cómo han cambiado estos planteamientos estratégicos deportivos e interpretar las razones que han provocado esos cambios. Pues olvidar el pasado puede ser una actitud errónea y extremadamente peligrosa que, pese a ello, es frecuente en

el comportamiento de los seres. El análisis histórico de cualquier fenómeno debe ser considerado como algo más que una mera colección de efemérides y acontecimientos relevantes, ya que cuando incluimos una mirada crítica y reflexiva del pasado estamos en condiciones de decidir con más autoridad, rigor y acierto sobre el presente y el futuro. Una de las principales razones por las que el pasado resulta tan importante es porque nos permite prever y/o evitar cometer los mismos errores que nos condicionaron el pasado y constituye una potente herramienta con la que afrontar el presente o nuestro futuro.

Los cuerpos del poder Orfeo Suárez,2015-02-18 El deporte es la continuación de la política por otros medios. Esta versión inquietante de la frase de Clausewitz vertebró el recorrido de este libro, en el que el periodista Orfeo Suárez aborda nueve escenarios en los que la política colisiona y utiliza al deporte. El autor escribe únicamente de aquello con lo que ha tenido contacto durante veinticinco años de carrera profesional. A través de los viajes y las entrevistas realizadas a los personajes en su medio, mientras la URSS se desmorona, los Balcanes estallan, las mujeres deportistas luchan por su pasión en el Islam, China exhibe un ejército de corto en sus Juegos Olímpicos, Sudáfrica aprovecha el rugby y el fútbol para llevar a cabo su gran reconciliación nacional o Cuba resiste y se pregunta hasta cuándo. La obra, sin embargo, arranca con un recorrido vital por la figura de Maradona, a partir de la que Orfeo Suárez propone un debate intelectual. Lo hará en cada escenario, y por ello las conversaciones del autor con Anatoli Karpov, Nadia Comaneci, Sergei Bubka, Hassiba Bulmerka, Davor Suker, Javier Sotomayor y otros numerosos deportistas se cruzan con las realizadas a Jorge Valdano, Ryszard Kapuscinsky, Ignacio Ramonet o el fallecido Manuel Vázquez Montalbán. Por ello, Los cuerpos del poder no es solo periodismo puro, es el nexo entre deporte, política y cultura.
