

Jomini Of The West

Roman Wölfel

Southerners and Other Americans Grady McWhiney, 1973

The American Military Tradition John M. Carroll, Colin F. Baxter, 2007 In this completely revised and updated second edition, historians John M. Carroll and Colin F. Baxter have gathered an esteemed group of military historians to explore the pivotal issues and themes in American warfare from the Colonial era to the present conflict in Iraq.

The American Civil War Ethan S. Rafuse, 2017-11-28 The largest and most destructive military conflict between the Napoleonic Wars and the First World War, the American Civil War has inspired some of the best and most intriguing scholarship in the field of United States history. This volume offers some of the most important work on the war to appear in the past few decades and offers compelling information and insights into subjects ranging from the organization of armies, historiography, the use of intelligence and the challenges faced by civil and military leaders in the course of America's bloodiest war.

How the North Won Herman Hattaway, Archer Jones, 1991 Covers the essential factors which shaped the battles and ultimately determined the outcome of the Civil War.

Halleck Stephen E. Ambrose, 1996-04-01 "Halleck originates nothing, anticipates nothing, to assist others; takes no responsibility, plans nothing, suggests nothing, is good for nothing." Lincoln's secretary of the navy Gideon Welles's harsh words embody the stereotype into which Union General-in-Chief Henry Wager Halleck has been cast by most historians since Appomattox. In *Halleck: Lincoln's Chief of Staff*, originally published in 1962, Stephen Ambrose challenges the standard interpretation of this controversial figure. Ambrose argues persuasively that Halleck has been greatly underrated as a war theorist because of past writers' failure to do justice to his close involvement with movements basic to the development of the American military establishment. He concedes that "by all the touchstones used to judge great captains of the past, Halleck was a failure," but maintains he was nonetheless "the 'Old Brains' of the Union Army in the time of the testing of the nation."

Confederate Crackers and Cavaliers Grady McWhiney, 2001-12-31 A collection of 17 essays by Grady McWhiney on a wide variety of topics relating to Confederate leadership and war-making. The role of culture in the coming of the war is explored, as are the differences between Southern crackers and cavaliers. Battlefield leadership is also discussed.

Decoding Clausewitz Jon Tetsuro Sumida, 2008 A pathbreaking critique of the thought of military studies icon Carl

Phillip Gottfried von Clausewitz and his magnum opus *On War* that illuminates why and how that work should be viewed as much more mature, coherent, innovative, and complete than suggested by previous accounts.

The Development of Military Thought Azar Gat, 1992 This scholarly and original study of military thought during the nineteenth century, continues and expands the themes Azar Gat explored in *The Origins of Military Thought*. The present volume spans the period from the aftermath of the Napoleonic era to the outbreak of the First World War. Encompassing Prussia/Germany, France, Great Britain, the USA, and the Marxist theory later to gain sway in Russia, it focuses on the wider conceptions of war, strategy, and military theory which dominated the West in this period, and Dr Gat's penetrating analysis uncovers the intellectual assumptions and the picture of the past which underlay military policy and practice.

Against All Enemies Kenneth J. Hagan, William Roberts, 1986-03-26

History of the Mohawk Valley, Gateway to the West, 1614-1925 Nelson Greene, 1925

Attack and Die Grady McWhiney, Perry D. Jamieson, 1982 Why did the Confederacy lose so many men? The authors contend that the Confederates bled themselves nearly to death in the first three years of the war by making costly attacks more often than the Federals. Offensive tactics, which had been used successfully by Americans in the Mexican War, were much less effective in the 1860s because an improved weapon - the rifle - had given increased strength to defenders. This book describes tactical theory in the 1850s and suggests how each related to Civil War tactics. It also considers the development of tactics in all three arms of the service during the Civil War.

Punitive War Clay Mountcastle, 2009 This book examines the guerilla experience and then traces its progression from the Western Theater in 1861 to its apogee in the East in the last two years of the war.--Pg. 5.

The Canadian Mining and Metallurgical Bulletin, 1928

Royal Blue Book, 1904

Winfield Scott Timothy D. Johnson, 1998 More than a military history, this book explains how Scott's aristocratic pretensions were out of place with emerging notions of equality in Jacksonian America and made him an unappealing political candidate in his bid for the presidency. Johnson recounts the details of Scott's personality that alienated nearly every

one who knew him, as well as the unsavory methods Scott used to promote his career and the scandalous ways he attempted to alleviate his lifelong financial troubles.

Adopting the Track of Phrase: An Emotional Symphony within **Jomini Of The West**

In a global used by screens and the ceaseless chatter of instant communication, the melodic elegance and emotional symphony developed by the published term often disappear into the back ground, eclipsed by the constant sound and disturbances that permeate our lives. But, nestled within the pages of **Jomini Of The West** an enchanting literary treasure full of fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this captivating masterpiece conducts viewers on a psychological trip, well unraveling the hidden songs and profound affect resonating within each carefully constructed phrase. Within the depths of the moving evaluation, we can discover the book is key harmonies, analyze its enthralling writing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
