Todd Decker

Heartland TV Victoria E. Johnson, 2008 Winner of the 2009 Society for Cinema and Media Studies Katherine Singer Kovacs Book Award The Midwest of popular imagination is a Heartland characterized by traditional cultural values and mass market dispositions. Whether cast positively —; as authentic, pastoral, populist, hardworking, and all-American—or negatively—as backward, narrow-minded, unsophisticated, conservative, and out-of-touch—the myth of the Heartland endures. Heartland TV examines the centrality of this myth to television's promotion and development, programming and marketing appeals, and public debates over the medium's and its audience's cultural worth. Victoria E. Johnson investigates how the square image of the heartland has been ritually recuperated on prime time television, from The Lawrence Welk Show in the 1950s, to documentary specials in the 1960s, to The Mary Tyler Moore Show in the 1970s, to Ellen in the 1990s. She also examines news specials on the Oklahoma City bombing to reveal how that city has been inscribed as the epitome of a timeless, pastoral heartland, and concludes with an analysis of network branding practices and appeals to an imagined red state audience. Johnson argues that non-white, queer, and urban culture is consistently erased from depictions of the Midwest in order to reinforce its reassuring image as white and straight. Through analyses of policy, industry discourse, and case studies of specific shows, Heartland TV exposes the cultural function of the Midwest as a site of national transference and disavowal with regard to race, sexuality, and citizenship ideals.

Slice Harvester Colin Atrophy Hagendorf, 2016-11-08 Over the course of two years, a twenty-something punk rocker eats a cheese slice from every pizzeria in New York City, gets sober, falls in love, and starts a blog that captures headlines around the world—he is the Slice Harvester, and this is his story. Since its arrival on US shores in 1905, pizza has risen from an obscure ethnic food to an iconic symbol of American culture. It has visited us in our dorm rooms and apartments, sometimes before we'd even unpacked or painted. It has nourished us during our jobs, consoled us during break-ups, and celebrated our triumphs right alongside us. In August 2009, Colin Hagendorf set out to review every regular slice of pizza in Manhattan, and his blog, Slice Harvester, was born. Two years and nearly 400 slices later, he'd been featured in The Wall Street Journal, the Daily News (New York), and on radio shows all over the country. Suddenly, this self-proclaimed punk who was barely making a living doing burrito delivery and selling handmade zines had a following. But at the same time Colin was stepping up his game for the masses (grabbing slices with Phoebe Cates and her teenage daughter, reviewing kosher pizza so

you don't have to), his personal life was falling apart. A problem drinker and chronic bad boyfriend, he started out using the blog as a way to escape--the hangovers, the midnight arguments, the hangovers again--until finally realizing that by taking steps to reach a goal day by day, he'd actually put himself in a place to finally take control of his life for good--
