Operation XX and Me Glyndwr Phillips,2019-05

Operation XX And Me Glyndwr Phillips,2019-05-01 Approached by the Intelligence Force to help in the release of VIPs held by the Germans in is last year at school and the last year of World War II, Glyndwr afterwards returns to real life, looking for a job he likes and can do. Years later he is drawn back to help the Force and they offer an expected incentive. This becomes a pattern for his life. This story, written in the late 1970s, remained undiscovered until three years after the authors death in 2014. Much of it was familiar but the sections involving Operation XX were completely unknown. At first it was thought the title referred to the group of boys trained for the first operation but internet searches brought to light the double meaning of XX: 20 (in Roman numerals) and double-cross. Operation XX was set up in 1941 to use captured German spies to feed back misinformation to Germany. It eventually came under MI5. Glyndwr always questioned what choice, if any, he had in the events and the way life took him. For his family the discovery of the story raised many questions that may never be answered.

The Mediterranean Fleet, 1919-1929 Paul Halpern, 2016-03-03 Following the end of the First World War the Mediterranean Fleet found itself heavily involved in the Eastern Mediterranean, the Sea of Marmora, the Black Sea and to a lesser extent, the Adriatic. Naval commanders were faced with complex problems in a situation of neither war nor peace. The collapse of the Ottoman, Russian and Habsburg empires created a vacuum of power in which different factions struggled for control or influence. In the Black Sea this involved the Royal Navy in intervention in 1919 and 1920 on the side of those Russians fighting the Bolsheviks. By 1920 the Allies were also faced with the challenge of the Turkish nationalists, culminating in the Chanak crisis of 1922. The 1923 Treaty of Lausanne enabled the Mediterranean Fleet finally to return to a peacetime routine, although there was renewed threat of war over Mosul in 1925-1926. These events are the subject of the majority of the documents contained in this volume. Those that comprise the final section of the book show the Mediterranean Fleet back to preparation for a major war, applying the lessons of World War One and studying how to make use of new weapons, aircraft carriers and aircraft.
