

Quotes Of Lord Byron

George Gordon Byron Baron Byron

The Oxford Handbook of Lord Byron, 2024-10-04 The Oxford Handbook of Lord Byron offers the latest in critical thinking about the poet that defined the Romantic era across Europe and beyond. The volume presents forty-four groundbreaking essays that enable readers to assess Lord Byron's central position in Romantic traditions and his profound and far-reaching influence on British, European, and world culture. The chapters are organized into five sections-'Works', 'Biographical Contexts', 'Literary and Cultural Contexts', 'Afterlives', and 'Reading Byron Now'-that guide readers through the most important issues and frameworks for interpreting Byron. 'Works' presents original readings of Byron's key works and many of his lesser-known ones, giving space to extensive studies of his great epic, Don Juan, and the poem that brought him fame, Childe Harold's Pilgrimage. 'Biographical Contexts' invites readers to consider Byron's life through key themes and patterns. 'Literary and Cultural Contexts' sets out the most important intellectual traditions from which Byron's work emerged and in which it developed. 'Afterlives' shows readers the extent of Byron's influence on literature, art, music, and politics in Europe and beyond. 'Reading Byron Now' advances the critical agendas that are shaping Byron Studies today. The Handbook tackles key themes associated with Byron including the Byronic Hero, cosmopolitanism, liberalism, sexuality, mobility, scepticism, the Gothic, celebrity culture, and much more. For new readers of Byron, the volume provides an excellent grounding in his life and work, and for specialists, it opens up exciting new approaches to an icon of Romantic literature.

Common and Uncommon Quotes: A Theory and History of Epigraphs Jared A. Griffin, 2023-03-07 'Common and Uncommon Quotes: A Theory and History of Epigraphs' is a prolegomenon to the study of epigraphic paratextuality. Building on the work of Gerard Genette's paratextual studies, this volume contextualizes and traces the practice of epigraphy in Anglophone literary history, from the fifteenth to the early twentieth century. This study explores how epigraphs are used by author-functions as a hermeneutic for their text and to establish ethos with their audience, and how that paratextual relationship changed as publishing opportunities and literacy rates grew over four centuries. The first broad-reaching study of this kind, 'Common and Uncommon Quotes' seeks to understand how epigraphs work: through their privilege on the page, their appeal to conjured ideas of the past, and their calls to citizenship.

Shakespeare and Quotation Julie Maxwell, Kate Louise Rumbold, 2018-04-26 Shakespeare is both the world's most quoted author and a frequent quoter himself. This volume unites these creative practices.

Byron and Translation Maria Schoina,Alexander Grammatikos,2024-11-15 This collection of essays offers an image of Byron not only as a poet – for which he is best known – but as a translator of foreign literature and culture. To recover this underexplored element of Byron’s work, the contributors examine his translated pieces in both textual and extra-textual contexts, including analysis of manuscripts, composition history, publishing history, and other literary and historical factors. They explore the motives behind Byron’s choice to translate in the first place, as well as reconstructing the translational methods he applied, and his ideas on translation and the role of the translator in general. The book focuses too on Byron’s ‘geographical mobility’, which also involved the act of translation, though in a metaphorical sense. The cosmopolitan poet mediated and interpreted all the time: foreign cultures, behaviours, modes of living, customs and habits. In this sense, translation becomes for the poet a dynamic ‘movement’ between languages, across texts and around various contexts, offering Byron a vital space for the articulation of his ideas. Byron’s translation work reminds us how Romantic writers and readers sought to learn about and engage with the wider world and its various languages.
