

Securite Territoire Population Foucault

Azza Bchir

Sécurité, territoire, population Michel Foucault, 2004 Partant du problème du biopouvoir introduit à la fin du cours de 1976, Il faut défendre la société, Michel Foucault déplace soudain l'horizon du cours : il s'agit non plus de l'histoire des dispositifs de sécurité, qui passe provisoirement au second plan, mais de la généalogie de l'État moderne, à travers les procédures mises en œuvre, en Occident, pour assurer le « gouvernement des hommes ».

Foucault, Biopolitics and Resistance Lauri Siisiäinen, 2018-11-21 Political resistance is flourishing. In this context, there is a growing interest to reread Michel Foucault's work, especially from the late period, from the perspective of resistance, social movements and affirmative biopolitics. Yet what has been missing so far is a book-length, comprehensive study focusing on this topic. This volume undertakes this task, providing an original typology of the resources of resistance discovered in Foucault's late thinking: resistance as discursive protection of autonomy bodily and affective resistance the strategies, arts and practices of affirmative biopolitics or 'politics of life' The book shows how these different types of tools, arts and practices can be used in resistant politics, in struggles against various regimes and institutions of power and government, so that they mutually supplement and reinforce one another. The author embarks on advancing Foucault's insights on resistance from where he stopped. Furthermore, the volume proposes a novel assessment of the Foucauldian political toolkit in the 21st century context, addressing its pertinence for struggles against neoliberalism and post-Fordist capitalism. Foucault, Biopolitics and Resistance will be an important resource for students and scholars interested in Foucault, resistance and 21st century politics within many fields, including political science, international relations, contemporary and continental philosophy as well as sociology. The work elaborates fresh methodological insights, fruitful for further empirical research on social and political movements.

Security, Territory, Population Michel Foucault, 2007-05-01 Marking a major development in Foucault's thinking, this book derives from the lecture course which he gave at the College de France between January and April, 1978. Taking as his starting point the notion of bio-power, introduced both in his 1976 course Society Must be Defended and in the first volume of his History of Sexuality, Foucault sets out to study the emergence of this new technology of power over population.--BOOK JACKET.

Lacan Contra Foucault Nadia Bou Ali, Rohit Goel, 2018-10-18 Lacan Contra Foucault seeks to ground the divergences and

confluences between these two key thinkers in relation to contemporary philosophy and criticism. Specifically the topics of sexuality, the theory of the subject, history and historicism, scientific formalization, and ultimately politics. In doing so, the authors in this volume open up new connections between Lacan and Foucault and shine a light on their contemporary relevance to politics and critical theory.

Voluntary Servitude and the Erotics of Friendship Marc D. Schachter, 2008 Focusing primarily on three early modern French authors, this book explores the erotics and politics of voluntary servitude in classical antiquity and the early modern period through Michel Foucault's late work on governmentality and the care of the self. Marc Schachter explores how these authors—Étienne de La Boétie, Michel de Montaigne, and Marie de Gournay—pursue related inquiries into voluntary servitude and self-control in marriage, friendship, pederasty, and politics.

Security, Territory, Population M. Foucault, 2007-03-28 This book derives from Foucault's lectures at the Collège de France between January and April 1978, which can be seen as a radical turning point in his thought. Focusing on 'bio-power', he studies the foundations of this new technology of power over population and explores the technologies of security and the history of 'governmentality'.

Duress Ann Laura Stoler, 2016-10-13 How do colonial histories matter to the urgencies and conditions of our current world? How have those histories so often been rendered as leftovers, as legacies of a dead past rather than as active and violating forces in the world today? With precision and clarity, Ann Laura Stoler argues that recognizing colonial presence may have as much to do with how the connections between colonial histories and the present are expected to look as it does with how they are expected to be. In *Duress*, Stoler considers what methodological renovations might serve to write histories that yield neither to smooth continuities nor to abrupt epochal breaks. Capturing the uneven, recursive qualities of the visions and practices that imperial formations have animated, Stoler works through a set of conceptual and concrete reconsiderations that locate the political effects and practices that imperial projects produce: occluded histories, gradated sovereignties, affective security regimes, new racisms, bodily exposures, active debris, and carceral archipelagos of colony and camp that carve out the distribution of inequities and deep fault lines of duress today.

Mystifying the Monarch Jeroen Deploige, Gita Deneckere, 2006 The power of monarchs has traditionally been as much symbolic as actual, rooted in popular imagery of sovereignty, divinity, and authority. In *Mystifying the Monarch*, a distinguished group of contributors explores the changing nature of that imagery—and its political and social effects—in Europe from the Middle Ages to the present day. They demonstrate that, rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal, in reality the history of monarchy has been one of constant tension between mystification and demystification.

Convulsing Bodies Mark D. Jordan, 2014-11-05 By using religion to get at the core concepts of Michel Foucault's

thinking, this book offers a strong alternative to the way that the philosopher's work is read across the humanities. Foucault was famously interested in Christianity as both the rival to ancient ethics and the parent of modern discipline and was always alert to the hypocrisy and the violence in churches. Yet many readers have ignored how central religion is to his thought, particularly with regard to human bodies and how they are shaped. The point is not to turn Foucault into some sort of believer or to extract from him a fixed thesis about religion as such. Rather, it is to see how Foucault engages religious rhetoric page after page—even when religion is not his main topic. When readers follow his allusions, they can see why he finds in religion not only an object of critique, but a perennial provocation to think about how speech works on bodies—and how bodies resist. Arguing that Foucault conducts experiments in writing to frustrate academic expectations about history and theory, Mark Jordan gives equal weight to the performative and theatrical aspects of Foucault's writing or lecturing. How does Foucault stage possibilities of self-transformation? How are his books or lectures akin to the rituals and liturgies that he dissects in them? *Convulsing Bodies* follows its own game of hide-and-seek with the agents of totalizing systems (not least in the academy) and gives us a Foucault who plays with his audiences as he plays for them—or teaches them.

Environment and Planning ,2009

Les médecins-legislateurs et le mouvement hygiéniste sous la troisième République Isabelle Cavé,2015-04-15 En France, au cours de la première moitié de la IIIe République, les médecins se sont trouvés une vocation à conduire des carrières politiques à la Chambre des députés et au Sénat. Ils représentent, sur cette période, la 5e catégorie sociale des législateurs au Palais Bourbon. À quoi tend cet engagement médical, dans cette période précise de l'Histoire ? Seront-ils porteurs de l'hygiénisation de la société à la fin du XIXe siècle alors que la France est un pays retardataire en la matière ?

Identifier et surveiller Aïse Ceyhan,Laurent Laniel,Pierre Piazza,Sylvia Preuss-Laussinotte,Thomas Hegghammer,Armand Mattelart,Christophe Wasinski,2007-03-01 Ce numéro a pour objectif de mettre l'accent sur les processus et logiques qui ont mené les Etats, les organismes internationaux et les individus à adopter de nouvelles technologies de sécurité pour lutter contre les risques et anticiper de potentiels dangers. Ces technologies, reliées à des bases de données qui dématérialisent identification et surveillance, tendent à assimiler celles-ci et à les rendre toujours plus intrusives, soulevant ainsi la question de leurs limites.

Montaigne After Theory, Theory After Montaigne Zahi Zalloua,2009 Essayist Michel de Montaigne is one of the most accessible and widely read authors in world literature. His skepticism and relativism, and the personal quality of his writing, make him a perennial favorite among readers today. *Montaigne After Theory / Theory After Montaigne* pursues the idea that theory has altered the scholarly understanding of Montaigne, while Montaigne's ideas have simultaneously challenged the authority of the various interpretive doxa collectively known as theory. Montaigne's life and writings have drawn myriad interpretations. While some scholars of his work focus on the content of the writings to define the man, others stress his

playful use of language. Montaigne's complex and multifaceted works provide fertile ground for exploring themes of wide-ranging significance within the field of literary theory, including the relationship between biography and theory; the critique of modernism; a critical history of the confessional mode of writing; sexuality and gender; and the theory of practice. The essays in this collection move beyond the current stalemate in Montaigne criticism by revisiting questions about the role of theory in literary studies and by opening up a dialogue on the validity and limitations, or use and abuse, of theory in Montaigne studies.

La tragédie de la performativité Azza Bchir, 2022-04-29 La tragédie des communs se pose lorsque l'utilisation d'un bien est commune et qu'il aura tendance à être sur-utilisé. Mais que se passe-t-il lorsque ce bien est l'eau dans un bassin dont dépendent trois pays ? Et que se passe-t-il lorsque la situation géopolitique rend peu probable la possibilité d'une gouvernance commune interétatique ? Nous prenons dans cet ouvrage le cas du bassin SASS, entre la Tunisie, l'Algérie et la Lybie et envisageons les différents modes possibles de gouvernance de l'eau. Nous apportons plus particulièrement une idée qui nous semble prometteuse : que des experts internationaux, forts de la connaissance technique et économique, puissent trouver la solution. Par une double enquête de type ethnographique, d'abord avec une plongée dans le laboratoire des experts, puis au plus près de la gestion de l'eau dans des oasis tunisiennes, nous évaluons la performativité du modèle des experts. Nous constatons une certaine performativité dans les oasis modernes mais beaucoup de résistance dans les plus traditionnelles.

Studia Universitatis Babeş-Bolyai, 2005

Nietzsche, Power and Politics Herman Siemens, Vasti Roodt, 2008 Nietzsche's legacy for political thought is a highly contested area of research today. With papers representing a broad range of positions, this collection takes stock of the central controversies (Nietzsche as political / anti-political thinker? Nietzsche and / contra democracy? Arendt and / contra Nietzsche?), as well as new research on key concepts (power, the agon, aristocracy, friendship i.a.), on historical, contemporary and futural aspects of Nietzsche's political thought. International contributors include well-known names (Conway, Ansell-Pearson, Hatab, Taureck, Patton, Connolly, Villa, van Tongeren) and young emerging scholars from various disciplines.

Liberalism and Hegemony Michel Ducharme, Jean-Francois Constant, 2009-04-07 The essays collected here explore the possibilities and limits presented by The Liberal Order Framework for various segments of Canadian history, and within them, the paramount influence of liberalism throughout the nineteenth and twentieth centuries is debated in various contexts.

Politikos--vom Element des Persönlichen in der Politik Karl-Heinz Nusser, Matthias Riedl, 2008 Professor Dr. Dr. h. c. mult. Tilo Schabert beging im November 2007 seinen 65. Geburtstag. Aus diesem Anlass haben ihm renommierte Kollegen

aus Europa, Amerika und Asien eine Festschrift zugeeignet. Wie Schabert selbst befassen sie sich mit dem Zusammenhang zwischen dem Personlichen und dem Politischen, einem Thema, das von den systemtheoretisch orientierten bzw. auf empirische Exaktheit schworenden Richtungen der Politischen Wissenschaften vernachlässigt wird. Politische und philosophische Theorien treten in einen fruchtbaren Dialog mit der Regierungslehre, wobei insbesondere das Verhältnis von Person und Institution in einem neuen Licht erscheint. Der Band enthält neben theoretischen Reflexionen zum Thema eine Reihe von Einzelstudien. Ihr Gegenstand sind Männer und Frauen der großen Politik, aber auch die Faszination des Politischen, wie sie Dichter und Denker erfahren haben.

Canadian Journal of Law and Society ,2006

Between Sacred and Profane Gordon Lynch,2007-11-28 Over the past ten years there has been an explosion of interest in how religion and the sacred connect with the media and cultures of everyday life. How are religious communities, identities and rituals being transformed by new media such as the internet? What is the significance of the media when for many people it becomes the primary source of images and of an encounter with religious traditions? Do the media and popular culture themselves take on religious significance, and how do people make use of these popular resources to 'do' religion in the contemporary world? As researchers have tried to answer these and other questions, a growing body of literature has begun to develop. *Between Sacred and Profane* offers a major review of this young and exciting field of scholarship, highlighting both its achievements and flaws, and setting out an agenda for its next phase of study. The book is an invaluable guide and handbook for beginning students who are looking for a first overview of the key issues and debates, as well as for more experienced scholars who wish to reflect on how their work will develop in future. *Between Sacred and Profane* will be required reading for courses in theology, religion and contemporary culture for many years to come.

Reviewing **Securite Territoire Population Foucault** : Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is really astonishing. Within the pages of "**Securite Territoire Population Foucault** ," an enthralling opus penned by a highly acclaimed wordsmith, readers set about an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve to the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
