**The Sun Rises From The West** Fauzia Arshi,2020-11-04 What is the truth? That which you see, that which you hear, feel...How do you know that what you see hear, feel is the whole truth and not merely a vague reality that is subject to interpretation and fabrication? How does the reality you see hear and feel fit into the big picture, the whole truth? Because, a piece of reality in itself is merely an information with no outcome, without a context. Through her collection of expository essays, Fauzia Arshi opens the layers of our reality in context to the whole truth. In 'THE SUN RISES FROM THE WEST,' Fauzia connects the dots, puts the missing pieces of the puzzle in their place and reveals to her readers the whole truth, the 360 degrees view of what we have seen, heard, read and felt only in pieces. This is a landmark book for everyone who is interested to know what is going on in the world and how will it affect them.
