Take Five Doug Ramsey, 2005 Biography of jazz saxophonist Paul Desmond. Large format with 190 photographs.

Dave Brubeck Philip Clark, 2020-02-18 THE DEFINITIVE, INVESTIGATIVE BIOGRAPHY OF JAZZ LEGEND DAVE BRUBECK (TAKE FIVE) In 2003, music journalist Philip Clark was granted unparalleled access to jazz legend Dave Brubeck. Over the course of ten days, he shadowed the Dave Brubeck Quartet during their extended British tour, recording an epic interview with the bandleader. Brubeck opened up as never before, disclosing his unique approach to jazz; the heady days of his classic quartet in the 1950s-60s; hanging out with Duke Ellington, Charlie Parker, Louis Armstrong, and Miles Davis; and the many controversies that had dogged his 66-yearlong career. Alongside beloved figures like Ella Fitzgerald and Frank Sinatra, Brubeck has achieved name recognition beyond jazz. But finding a convincing fit for Brubeck's legacy, one that reconciles his mass popularity with his advanced musical technique, has proved largely elusive. In *Dave Brubeck: A Life in Time*, Clark provides us with a thoughtful, thorough, and long-overdue biography of an extraordinary man whose influence continues to inform and inspire musicians today. Structured around Clark's extended interview and intensive new research, this book recounts one of the last untold stories of jazz, unearthing the secret history of Take Five and many hitherto unknown aspects of Brubeck's early career and sharing details about his creative relationship with his star saxophonist, Paul Desmond. Woven throughout are cameo appearances from a host of unlikely figures, from Sting, Ray Manzarek of The Doors, and Keith Emerson to John Cage, Leonard Bernstein, Harry Partch, and Edgard Varèse. Each chapter explores a different theme or aspect of Brubeck's life and music, illuminating the core of his artistry and genius. To quote President Obama, as he awarded the musician with a Kennedy Center Honor: You can't understand America without understanding jazz, and you can't understand jazz without understanding Dave Brubeck.

One Train Later Andy Summers, 2007-04-01 The train jerks to a halt, and as I get out at Oxford Circus, Stewart gets out with me. We look at each other, laugh, and make the standard remark about it being a small world. But this is the brilliant collision, one train later and it might all have turned out differently. In this extraordinary memoir, world-renowned guitarist Andy Summers provides a revealing and passionate account of a life dedicated to music. From his first guitar at age thirteen and his early days on the English music scene to the ascendancy of his band, the Police, Summers recounts his relationships and encounters with the Big Roll Band, Jimi Hendrix, Eric Clapton, the Animals, John Belushi, and others, all the while

proving himself a master of telling detail and dramatic anecdote. But, of course, the early work is only part of the story, and Andy's account of his role as guitarist for the Police---a gig that was only confirmed by a chance encounter with drummer Stewart Copeland on a London train---has been long-awaited by music fans worldwide. The heights of fame that the Police achieved have rarely been duplicated, and the band's triumphs were rivaled only by the personal chaos that such success brought about, an insight never lost on Summers in the telling. Complete with never-before-published photos from Summers's personal collection, *One Train Later* is a constantly surprising and poignant memoir, and the work of a world-class musician and a first-class writer.

Re-Composing YouTube Jonas Wolf, 2024-09-03 YouTube features a wide array of multimodal musical figurations, including fan-made music videos, musical aestheticisations of pre-circulating content, and musical self-performances. Jonas Wolf explores open-ended forms of musical creative relay on YouTube, delving into formal, imitative, affective, and (non-)institutional aspects of networked media remix and (self-)aestheticisation. Beyond creating value for non-musical fields of discourse, this study is directed at filling a gap in a largely ocularcentric domain of study. It provides a concise theory of vernacular composition within our time's total digital archive that accounts for socio-aesthetic phenomena and their relation to systems of knowledge, control, and discourse.

Night on Fire Diana Deverell, 2001 Lady anti-terrorism expert Casey Collins hunts for a shipment of blackmarket Stinger missiles in Copenhagen. The mission is complicated by murder, drug dealers and a war between biker gangs.

The Melody Man Bruce Bastin, 2012-08-01 Joe Davis (1896-1978), the focus of *The Melody Man*, enjoyed a fifty-year career in the music industry, which covered nearly every aspect of the business. He hustled sheet music in the 1920s; copyrighted compositions by artists as diverse as Fats Waller, Carson Robison, Otis Blackwell, and Rudy Vallee; oversaw hundreds of recording sessions; and operated several record companies beginning in the 1940s. Davis also worked fearlessly to help ensure that black recording artists and song writers gained equal treatment for their work. Much more than a biography, this book is an investigation of the role played by music publishers during much of the twentieth century. Joe Davis was not a music "great," but he was one of those individuals who enabled "greats" to emerge. A musician, manager, and publisher, his long career reveals much about the nature of the music industry and offers insight into how the industry changed from the 1920s to the 1970s. By the summer of 1924, when Davis was handling the "race talent" for Ajax records, he

had already worked in the music business for most of a decade, and there were more than five decades of musical career ahead of him. The fact that his fascinating life has gone so long underappreciated is remedied by the publication of this book. Originally published in England in 1990 as *Never Sell a Copyright: Joe Davis and His Role in the New York Music Scene, 1916-1978*, this book was never released in the United States and only made available in a very limited print run in England. The author, noted blues scholar and folklorist Bruce Bastin, has worked with fellow music scholar Kip Lornell to completely update, condense, and improve the book for this first-ever American edition.
