The Greatest Love Story Ever Told Megan Mullally, Nick Offerman, 2019-09-03 \*A New York Times Bestseller\* Megan Mullally and Nick Offerman reveal the full story behind their epic romance—presented in a series of intimate conversations between the couple, including photos, anecdotes, and the occasional puzzle. The year: 2000. The setting: Los Angeles. A gorgeous virtuoso of an actress agreed to star in a random play, and a basement-dwelling scenic carpenter said he would assay a supporting role in the selfsame pageant. At the first rehearsal she surveyed her fellow cast members, determining if any of the men might qualify to provide her with a satisfying fling. Her gaze fell upon the carpenter, and like a bolt of lightning the thought struck her: no dice. Moving on. Yet, unbeknownst to our protagonists, Cupid had merely set down his bow and picked up a rocket launcher...that fired a love rocket (not a euphemism). The players were Megan Mullally and Nick Offerman, and the resulting romance, once ignited, was...epic. Beyond epic. It resulted in a coupling that has endured to this day; a sizzling, perpetual tryst that has captivated the world with its kindness, athleticism, astonishingly low-brow humor, and true (fire emoji) passion. How did they do it? They came from completely different families, ignored a significant age difference, and were separated by the gulf of several social strata. Megan loved books and art history; Nick loved hammers. But much more than these seemingly unsurpassable obstacles were the values they held in common: respect, decency, the ability to mention genitalia in almost any context, and an abiding obsession with the songs of Tom Waits. Eighteen years later, they're still very much in love and have finally decided to reveal the philosophical mountains they have conquered, the lessons they've learned, and the myriad jigsaw puzzles they've completed. Presented as an oral history in a series of conversations between the couple, the book features anecdotes, hijinks, photos, and a veritable grab bag of tomfoolery. This is not only the intoxicating book that Mullally's and Offerman's fans have been waiting for, it might just hold the solution to the greatest threat facing our modern world: the single life.

*Straight to the Heart of Genesis* Phil Moore, 2012-11-20 To be ignorant of what happened before you were born is to remain a child always, claimed the Roman orator Cicero. Perhaps that's why Genesis is one of the most loved and hated books ever written. Genesis - the name is simply the Greek word for Origins - is the God-inspired history of the world from its inception, and right from the outset it was always controversial. God inspired the Bible for a reason. He wants you read it and let it change your life. If you are willing to take this challenge seriously, then you will love Phil Moore's devotional commentaries. Their bite-sized chapters are punchy and relevant, yet crammed with fascinating scholarship. Welcome to a new way of reading the Bible. Welcome to the Straight to the Heart series.

*The Greatest Love Story Ever Told* Randy Tice, 2005-05 I...I could already feel it disappear. I was stuck I guess, hanging there with a knife pointed to my chest and back. One step forward, cut through and through, one step back, the same. And now I'm here...the ending. Is this a happy ending? Is there even such a thing as a happy ending? Miles: One out of only four Asians in his high school, desperately Romantic and always trying to put his stamp on the world. From Slip and Slide glory to October Fats '98, he constantly searches for the one. But what happens when what you've always wanted seems constantly two steps outside your grasp? What if you feel like you have finally found it, but it turns out differently from what you've imagined? *The Greatest Love Story Ever Told*, a true story about a normal boy searching for an abnormally elusive dream.
