Carol Juergensen

Your Sexually Addicted Spouse Barbara Steffens, Marsha Means, 2021-06-07 Sexual addiction and compulsive sexual behavior often steal a person's ability to achieve emotional or sexual intimacy. Both addicts and their partners may suffer in isolation, ashamed and afraid, not knowing where to turn for help. *Your Sexually Addicted Spouse* shatters that stigma and shame and provides understanding and empathy for the addict and his or her spouse. Barbara Steffens' groundbreaking research was the first to show that partners are not codependents but post-traumatic stress victims, while Marsha Means' personal experience provides insights, strategies, and critical steps to recognize, deal with, and heal partners of sexually addicted relationships. Firsthand accounts and stories reveal the impact of this addiction on survivors' lives. Chapters end with On a Personal Note questions and propose new paths that lead from trauma to empowerment, health, and hope. Useful appendices list health and mental health care providers and clergy. Barbara Steffens, PhD, LPCC, CCPS, CPC specializes in helping women recover from sexual betrayal and is a sought-after speaker and presenter on special issues related to partners of sexual addicts. She was the founding President of the Association for Partners of Sex Addicts Trauma Specialists, an organization that provides training and certification of Clinical Partner Specialists and Partner Trauma Coaches. She has counseled and coached betrayed spouses/partners for over twenty years and her research on trauma after betrayal has changed the field. Barbara also consults with other professionals and provides training for those who want to help partners heal. Marsha Means, MA, founder and director of A Circle of Joy Ministries, is trained as a Marriage and Family Therapist, and writes and speaks on the topic of betrayal trauma and sex addiction. Sex Addiction Barry Reay, Nina Attwood, Claire Gooder, 2015-08-06 The concept of sex addiction took hold in the 1980s as a product of cultural anxiety. Yet, despite being essentially mythical, sex addiction has to be taken seriously as a phenomenon. Its success as a purported malady lay with its medicalization, both as a self-help movement in terms of self-diagnosis, and as a rapidly growing industry of therapists treating the new disease. The media played a role in its history, first with TV, the tabloids and the case histories of claimed celebrity victims all helping to popularize the concept, and then with the impact of the Internet. This book is a critical history of an archetypically modern sexual syndrome. Reay, Attwood and Gooder argue that this strange history of social opportunism, diagnostic amorphism, therapeutic self-interest and popular cultural endorsement is marked by an essential social conservatism: sex addiction has become a convenient term to describe disapproved sex. It is a label without explanatory force. This book will be essential reading for those interested in sexuality studies, contemporary history, psychology, psychiatry, sociology, media studies and studies of the Internet. It will also be of interest to doctors and therapists currently working in this and related fields.
